FORT WILLIAM,

FINANCIAL DEPARTMENT,

The 1st June, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834:

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Liquor, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should also have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address to each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (for authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whatsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

HAMILTON VETCH,

Offg. Collector and Magistrate.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Deceased in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booroo terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khoolceah But-risaul.	70,000.	North, the Pangochee river, the Barweekhalee Khul, and the Jewchoora river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweekhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunah Seyndpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweekhalee, and Kumarkhalee Khals.—East, the Balissur river.—South, the Dhamir river joining the Bhola with the Balissur river.—West, the Bhola.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

The following Act is passed by the Hon'ble the President of the Council of India in Council, on the 24th September 1838, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

Act No. XXIV. of 1838.

I. It is hereby enacted, that Section III. of Act XIX. of 1836, together with any other provisions of that Act which prescribe or imply that the Capital Stock of the Bank of Bengal shall not exceed 75 Lakhs of Rupees, shall from this day be repealed.

II. And it is hereby enacted, that it shall be lawful for the Governor General of India in Council whenever he shall see fit from time to time by an Order to be notified in the *Calcutta Gazette*, to authorize the Capital Stock of the said Bank to be increased, and to make such order and direction for the opening of subscriptions towards such increase of Capital as to him may seem fit, giving due notice to the Proprietors of the said Bank for the time being and allowing to them a period of not less than eighteen months to fill up such subscription.

III. And it is hereby enacted, that whenever such increase of Capital Stock of the Bank of Bengal shall be ordered by the Governor General of India in Council, the Proprietors entitled to share therein, shall not be debarred of the right to subscribe for the new Stock in the proportion of the shares they may be legally holding by reason of any limit to the quantity of Stock which a single Proprietor may hold that may be imposed by the Provisions of the Charter of the Bank, or by any Clause or Provision contained in Act No. XIX. of 1836.

IV. And it is hereby enacted, that it shall be lawful for the Governor General of India in Council, when he shall direct an increase to be made of the Capital Stock of the Bank of Bengal, to prescribe that the subscriptions shall be made upon each share respectively, in any given proportion to the amount of Stock represented by such share, and after subscription made at any time within the period of notice prescribed in Section II. of this Act, to permit the amount subscribed on account of any share or shares to be paid up and added to the Capital Stock of the Bank in such manner and at such dates as may be deemed most convenient and proper, and likewise to prescribe that the amount of new Capital that may not be subscribed for by Proprietors within the period of eighteen months so specified, shall be sold by Auction by an Officer of the Bank for the benefit of the said Bank, on some early date, after the close of such period, and that the proceeds of such sale shall be at the disposal of the Proprietors of the Bank by Resolution duly passed at their General Meetings, any thing in the existing Charter of the said Bank regarding the method of taking the subscriptions of new Capital to the contrary notwithstanding.

V. And it is hereby enacted, that it shall be lawful for the Governor General of India in Council at the time of ordering any increase of the Capital Stock of the Bank of Bengal to reserve the portion of such increase that may belong to Government by reason of its share of the Capital of the said Bank, and to fix any date within the period of eighteen months above specified, as that before which it shall be finally declared whether the Government will take the share of new Stock to which it is so entitled or will refuse the same, and in case of refusal by Government to take its share of new Stock, such Stock shall not be sold on account of the Proprietors at large as above provided for Stock not subscribed for by other Proprietors, but the amount to which the Government may be so entitled shall not be raised, and if the Government shall determine to subscribe for the share of new Capital to which it is entitled, it shall be lawful for the Governor General of India in Council either to retain the same or to order the sale of such new Stock or any portion thereof on account of Government in such manner and at such times as to him may seem fit.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Deeded in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booree terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Howleeah Bar-risaul.	70,000	North, the Pangachee river, the Barweekhalee Khal, and the Jewdhooa river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweekhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunnah Seyadpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soundree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweekhalee, and Kumarkhalee Khals.—East, the Balissur river.—South, the Dhanir river joining the Bholah with the Balissur river.—West, the Bholah.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Ditto.....
Ditto.....	Madras.
Ditto.....	Ditto.....
Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Good, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

FORT WILLIAM,
GENERAL DEPARTMENT,
THE 3d OCTOBER, 1838.**

It has been brought to the notice of the Hon'ble the President in Council, that Mails have been stopped and detained in transit by public Officers in the Mofussil when encamped at places in the interior of Districts through which the Dakk travels in order that the bags may be opened and the letters addressed to them taken out. This practice is directly in violation of Article XLIX. of the Regulations for the Post Office Department, published by the Governor General in Council on the 30th of August 1837, and the President in Council in repeating the prohibition therein contained against any Officers of Government whatsoever, detaining and opening the Public Mails except under the order of Government, directs that every contravention of this rule shall be reported to him through the Post Master General, when the Officer guilty of such an impropriety will be visited with the severe displeasure of the Government.

It has also been brought to the notice of the President in Council, that Mails have been detained through the runners being stopped while employed in their actual conveyance by Officers of Police on petty charges of misdemeanour being preferred against them. The Magistrates of the several Districts are hereby required and directed to restrain this practice, and to enjoin that no runner shall be arrested or detained on any petty charge while so employed.

The runners employed in carrying the Mails being all fixed Servants, any Process or Summons can at any time be served upon them at their Station, so that it can never be necessary to detain them while running with a Mail.

And it is hereby enacted, that it shall be lawful for the Governor General of India in Council whenever he shall see fit from time to time by an Order to be notified in the *Calcutta Gazette*, to authorize the Capital Stock of the said Bank to be increased, and to make such order and direction for the opening of subscriptions towards such increase of Capital as to him may seem fit, giving due notice to the Proprietors of the said Bank for the time being and allowing to them a period of not less than eighteen months to fill up such subscription.

III. And it is hereby enacted, that whenever such increase of Capital Stock of the Bank of Bengal shall be ordered by the Governor General of India in Council, the Proprietors entitled to share therein, shall not be debarred of the right to subscribe for the new Stock in the proportion of the shares they may be legally holding by reason of any limit to the quantity of Stock which a single Proprietor may hold that may be imposed by the Provisions of the Charter of the Bank, or by any Clause or Provision contained in Act No. XIX. of 1836.

IV. And it is hereby enacted, that it shall be lawful for the Governor General of India in Council, when he shall direct an increase to be made of the Capital Stock of the Bank of Bengal, to prescribe that the subscriptions shall be made upon each share respectively, in any given proportion to the amount of Stock represented by such share, and after subscription made at any time within the period of notice prescribed in Section II. of this Act, to permit the amount subscribed on account of any share or shares to be paid up and annexed to the Capital Stock of the Bank in such manner and at such dates as may be deemed most convenient and proper, and likewise to prescribe that the amount of new Capital that may not be subscribed for by Proprietors within the period of eighteen months so specified, shall be sold by Auction by an Officer of the Bank for the benefit of the said Bank, on some early date, after the close of such period, and that the proceeds of such sale shall be at the disposal of the Proprietors of the Bank by Resolution duly passed at their General Meetings, any thing in the existing Charter of the said Bank regarding the method of taking the subscriptions of new Capital to the contrary notwithstanding.

V. And it is hereby enacted, that it shall be lawful for the Governor General of India in Council at the time of ordering any increase of the Capital Stock of the Bank of Bengal to reserve the portion of such increase that may belong to Government by reason of its share of the Capital of the said Bank, and to fix any date within the period of eighteen months above specified, as that before which it shall be finally declared whether the Government will take the share of new Stock to which it is so entitled or will refuse the same, and in case of refusal by Government to take its share of new Stock, such Stock shall not be sold on account of the Proprietors at large as above provided for Stock not subscribed for by other Proprietors, but the amount to which the Government may be so entitled shall not be raised, and if the Government shall determine to subscribe for the share of new Capital to which it is entitled, it shall be lawful for the Governor General of India in Council either to retain the same or to order the sale of such new Stock or any portion thereof on account of Government in such manner and at such times as to him may seem fit.

to the Military Auditor General—triplicate to the Superintendent of Family Money in whose circle the Payee may be residing, and quadruplicate is to be furnished to the Deputy Pay Master proceeding on Service, in order to enable him to check deductions noted in the Abstracts.

The Officer Commanding Companies will add such further information to the Form as the circumstances of individuals may suggest, in order to prevent imposition, and to secure to the proper person the intended benefit.

The amount of Family Money payable is to be noted on the Muster Rolls opposite to the name of the Man from whose pay the corresponding stoppage is made, and in case a man should wish to discontinue the allowance he had assigned, the same is to be notified in the Muster Roll.

Casualties of Men, from whom deductions on account of Family Money are made, must be immediately reported, by Commanding Officers of Companies, to the respective Superintendents, and by those Officers to the Military Auditor General. Correct Monthly Rolls of all Casualties will also be transmitted along with the Muster Rolls to the Military Auditor General.

The Family Money of Men on Service is to be drawn in Monthly Abstracts (to be sent as usual through the respective Pay Masters for audit and thereafter dealt with as stated in Pay and Audit Regulations, page 351) by the Agent for Family Money at Barrackpore, if the Payees reside in the Lower Provinces; and by the Superintendent of Family Money at Oude and Cawnpore, if in the Western Provinces.

Family Money is to be drawn two months in arrears, and Officers in charge of Companies will annex to their Monthly Abstracts, Statements of the deduction made from each man on this account; the total of which will be deducted from the amount of the Abstracts, and the remainder only charged by the Pay Master in his disbursements.

It must be particularly explained to the Troops proceeding on Service that they will not be permitted to withdraw the allowance which they may have assigned to their respective families—until intimation of such intention, communicated by Officers in Command of Companies, through the Commanding Officers of Regiments, shall have been received, and the receipt of the same acknowledged by the respective Superintendents of Family Money. The Superintendents are to conform to the latter part of Section 8, Page 351, Pay and Audit Regulations.

Any over-payment made to the Families of deceased Men shall be recovered from the balances of arrears due to them at the time of their decease, which arrears the Commanding Officers of Companies will retain until due advice of the extent of payments to the Families of the deceased shall have been received from the Superintendents.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Decreed in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booree terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khowleab Bar-maul.	70,000	North, the Pangachoe river, the Barweekhalee Khal, and the Jewdhoora river.—East, the Ballissur river.—West, the Bholah river.—South, the Chrepa, Barweekhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Ballissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunah Seyadpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Chrepa, Barweekhalee, and Kumarkhalee Khals.—East, the Ballissur river.—South, the Dhamir river joining the Bholah with the Ballissur river.—West, the Bholah.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

ALL Persons indebted to the Estate of JAMES CRICHTON, formerly of the Town of Calcutta, Gentlemen, are requested to make payment to the Registrar of the Supreme Court at Fort William, Administrator to the Estate, to whom all Creditors are also desired to make known their Claims.

VI. Provided also, and it is hereby enacted, that no will made by any married woman shall be valid, except such a will as might have been made by a married woman before the passing of this Act.

VIII. And it is hereby enacted, that no appointment made by will in exercise of any power, shall be valid, unless the same be executed in manner herein before required; and every will executed in manner hereinbefore required shall, so far as respects the execution and attestation thereof, be a valid execution of a power of appointment by will, notwithstanding that it shall have been expressly required that a will made in exercise of such power should be executed with some additional or other form of execution or solemnity.

IX. And it is hereby enacted, that every will executed in manner hereinbefore required shall be valid without any other publication thereof.

X. And it is hereby enacted, that if any person who shall attest the execution of a will, shall at the time of the execution thereof, or at any time afterwards, be incompetent to be admitted a witness to prove the execution thereof, such will shall not on that account be invalid.

XI. And it is hereby enacted, that if any person shall attest the execution of any will, to whom or to whose wife or husband any beneficial devise, legacy, estate, interest, gift or appointment of or affecting any real or personal estate (other than and except charges and directions for the payment of any debt or debts) shall be thereby given or made, such devise, legacy, estate, interest, gift or appointment, shall, so far only as concerns such person attesting the execution of such will, or the wife or husband of such person, or any person claiming under such person or wife or husband, be utterly null and void, and such person so attesting shall be admitted as a witness to prove the execution, or to prove the validity or invalidity thereof, notwithstanding such devise, legacy, estate, interest, gift or appointment mentioned in such will.

And it is hereby enacted, that in case by any will any real or personal estate shall be charged with any debt or debts and any creditor, or the wife or husband of any creditor, whose debt is so charged shall attest the execution of such will, such creditor, notwithstanding such charge, shall be admitted a witness to prove the execution of such will, or to prove the validity or invalidity thereof.

XIII. And it is hereby enacted, that no person shall, on account of his being an executor of a will, be incompetent to be admitted a witness to prove the execution of such will, or a witness to prove the validity or invalidity thereof.

XIV. And it is hereby enacted, that every will made by a man or woman shall be revoked by his or her marriage (except a will made in exercise of a power of appointment, when the real or personal estate thereby appointed would not in default of such appointment pass to his or her husband, executor or administrator, or the person entitled as his or her next of kin, under the Statute of Distributions).

XV. And it is hereby enacted, that no will shall be revoked by any presumption of an intention on the ground of an alteration in circumstances.

XVI. And it is hereby enacted, that no will or codicil, or any part thereof shall be revoked otherwise than as aforesaid, or by another will or codicil executed in manner hereinbefore required, or by some writing declaring an intention to revoke the same, and executed in the manner in which a will is hereinbefore required to be executed, or by the burning, tearing or otherwise destroying the same by the testator or by some person in his presence and by his direction with the intention of revoking the same.

XVII. And it is hereby enacted, that no obliteration, interlineation or other alteration made in any will after the execution thereof, shall be valid or have any effect, except so far as the writing or effect of the will before such alteration shall not be apparent, unless such alteration shall be executed in like manner as hereinbefore is required for the execution of the will; but the will, with such alteration as part thereof, shall be deemed to be duly executed, if the signature of the testator and the subscription of the witnesses be made in the margin or some other part of the will

opposite or near to such alteration, or at the foot or end of or opposite or near to such alteration, or at the foot or end of or opposite to a memorandum referring to such alteration, and written at the end or some other part of the will.

XVIII. And it is hereby enacted, that no will or codicil, or any part thereof, which shall be in any manner revoked, shall be revived otherwise than by the re-execution thereof, or by a codicil executed in a manner hereinbefore required, and shewing an intention to revive the same; and when any will or codicil which shall be partly revoked and afterwards wholly revoked, shall be revived, such revival shall not extend to so much thereof as shall have been revoked before the revocation of the whole thereof, unless an intention to the contrary be shown.

XIX. And it is hereby enacted, that no conveyance or other act made or done subsequently to the execution of a will or relating to any real or personal estate therein comprised, except an act by which such will shall be revoked as aforesaid shall prevent the operation of the will with respect to such estate or interest in such real or personal estate as the testator shall have power to dispose of by will at the time of his death.

XX. And it is hereby enacted, that every will shall be construed, with reference to the real estate and personal estate comprised in it, to speak and take effect as if it had been executed immediately before the death of the testator unless a contrary intention shall appear by the will.

XXI. And it is hereby enacted, that unless a contrary intention shall appear by the will such real estate or interest therein as shall be comprised or intimated to be comprised in any devise in such will contained, which shall fail or be void by reason of the death of the devisee in the life time of the testator, or by reason of such devise being contrary to law, or otherwise incapable of taking effect shall be included in the residuary devise (if any) contained in such will.

XXII. And it is hereby enacted, that a general devise of the real estate of the testator, or of the real estate of the testator in any place or in the occupation of any person mentioned in his will, or otherwise described in a general manner, shall be construed to include any real estate, or any real estate to which such description shall extend (as the case may be) which he may have power to appoint in any manner he may think proper and shall operate as an execution of such power, unless a contrary intention shall appear by the will, and in like manner a bequest of the personal estate of the testator or any bequest of personal estate described in a general manner shall be construed to include any personal estate, or any personal estate to which such description shall extend (as the case may be) which he may have power to appoint in any manner he may think proper and shall operate as an execution of such power, unless a contrary intention shall appear by the will.

XXIII. And it is hereby enacted, that where any real estate shall be devised to any person without any words of limitation, such devise shall be construed to pass the fee simple, or other the whole estate or interest which the testator had power to dispose of by will in such real estate, unless a contrary intention shall appear by the will.

XXIV. And it is hereby enacted, that in any devise or bequest of real or personal estate the words "die without issue," or "die without leaving issue," or any other words which may import either a want or failure of issue of any person in his life time or at the time of his death, or an indefinite failure of his issue, shall be construed to mean a want or failure of issue in the life time or at the time of the death of such person, and not an indefinite failure of his issue, unless a contrary intention shall appear by the will, by reason of such person having a prior estate tail, or of a preceding gift being, without any implication arising from such words, a limitation of an estate tail to such person or issue, or otherwise. Provided, that this Act shall not extend to cases where such words as aforesaid import, if no issue described in a preceding gift shall be born, or if there shall be no issue who shall live to attain the age or otherwise answer the description required for obtaining a vested estate by a preceding gift to such issue.

XXV. And it is hereby enacted, that where any real estate shall be devised to any trustee or executors, such devise shall be construed to pass the fee simple or other the whole estate or interest which the testator had power to dispose of by will in such real estate, unless a definite term of years, absolute or determin-

able, or an estate of freehold, shall thereby be given to him expressly or by implication.

XXVI. And it is hereby enacted, that where any real estate shall be devised to a trustee without any express limitation of the estate to be taken by such trustee, and the beneficial interest in such real estate, or in the surplus profits and profits thereof shall not be given to any person for life, or such beneficial interest shall be given to any person for life, and the purposes of the trust may continue beyond the life of such person, such devise shall be construed to vest in such trustee the fee simple or other the whole legal estate which the testator had power to dispose of by will in such real estate and not an estate determinable when the purposes of the trust shall be satisfied.

XXVII. And it is hereby enacted, that where any person to whom any real estate shall be devised for an estate tail, or an estate in quasi entail, shall die in the life time of the testator, leaving issue who would be inheritable under such entail, and any such issue shall be living at the time of the death of the testator, such devise shall not lapse, but shall take effect as if the death of such person had happened immediately after the death of the testator, unless a contrary intention shall appear by the will.

XXVIII. And it is hereby enacted, that where any person being a child or other issue of the testator to whom any real or personal estate shall be devised or bequeathed for any estate or interest not determinable at or before the death of such person, shall die in the life time of the testator leaving issue, and any such issue of such person shall be living at the time of the death of the testator, such devise or bequest shall not lapse, but shall take effect as if the death of such person had happened immediately after the death of the testator, unless a contrary intention shall appear by the will.

XXIX. And it is hereby enacted, that notwithstanding any thing in this Act contained, any Soldier being in actual Military Service, or any Mariner or Seaman being at sea, may dispose of his personal estate as he might have done before the making of this Act.

XXX. And it is hereby enacted, that nothing in this Act contained shall be construed to repeal the provisions of Act No. XX. of 1837, whereby immovable property situate within the jurisdiction of the Court of Judicature of Prince of Wales' Island, Singapore and Malacca transmitted by the last will of any person having a beneficial interest in the same is taken to be and to have been of the nature of chattels real and not of freehold as regards such transmission, provided that such will shall be executed and construed as a will of chattels real is to be executed and construed by virtue of this Act.

XXXI. And it is hereby enacted, that this Act shall not extend to any will made before the 1st day of February, in the year of our Lord 1839, and that every will re-executed or re-published or revived by any codicil shall for the purposes of this Act be deemed to have been made at the time at which the same shall be so re-executed, re-published, or revived; and that this Act shall not extend to any estate *pur autre vie* of any person who shall die before the First day of February in the year of our Lord 1839.

And it is hereby enacted, that no will or codicil, or any part thereof, which shall be in any manner revoked, shall be revived otherwise than by the re-execution thereof, or by a codicil executed in a manner hereinbefore required, and shewing an intention to revive the same, and when any will or codicil which shall be partly revoked and afterwards wholly revoked, shall be revived, such revival shall not extend to so much thereof as shall have been revoked before the revocation of the whole thereof, unless an intention to the contrary be shown.

XIX. And it is hereby enacted, that no conveyance or other act made or done subsequently to the execution of a will of, or relating to any real or personal estate therein comprised, except an act by which such will shall be revoked as aforesaid shall prevent the operation of the will with respect to such estate or interest in such real or personal estate as the testator shall have power to dispose of by will at the time of his death.

XX. And it is hereby enacted, that every will shall be construed, with reference to the real estate and personal estate comprised in it, to speak and take effect as if it had been executed immediately before the death of the testator unless a contrary intention shall appear by the will.

XXI. And it is hereby enacted, that unless a contrary intention shall appear by the will such real estate or interest therein as shall be comprised or intended to be comprised in any devise in such will contained, which shall fail or be void by reason of the death of the devisee in the life time of the testator, or by reason of such devise being contrary to law, or otherwise incapable of taking effect shall be included in the residuary devise (if any) contained in such will.

XXII. And it is hereby enacted, that a general devise of the real estate of the testator, or of the real estate of the testator in any place or in the occupation of any person mentioned in his will, or otherwise described in a general manner, shall be construed to include any real estate, or any real estate to which such description shall extend (as the case may be) which he may have power to appoint in any manner he may think proper and shall operate as an execution of such power, unless a contrary intention shall appear by the will, and in like manner a bequest of the personal estate of the testator or any bequest of personal estate described in a general manner shall be construed to include any personal estate, or any personal estate to which such description shall extend

(as the case may be) which he may have power to appoint in any manner he may think proper and shall operate as an execution of such power, unless a contrary intention shall appear by the will.

XXIII. And it is hereby enacted, that where any real estate shall be devised to any person without any words of limitation, such devise shall be construed to pass the fee simple, or other the whole estate or interest which the testator had power to dispose of by will in such real estate, unless a contrary intention shall appear by the will.

XXIV. And it is hereby enacted, that in any devise or bequest of real or personal estate the words "die without issue," or "die without leaving issue," or any other words which may import either a want or failure of issue of any person in his life time or at the time of his death, or an indefinite failure of his issue, shall be construed to mean a want or failure of issue in the life time or at the time of the death of such person, and not an indefinite failure of his issue, unless a contrary intention shall appear by the will, by reason of such person having a prior estate tail, or of a preceding gift being, without any implication arising from such words, a limitation of an estate tail to such person or issue, or otherwise; Provided, that this Act shall not extend to cases where such words as aforesaid import, if no issue described in a preceding gift shall be born, or if there shall be no issue who shall live to attain the age or otherwise answer the description required for obtaining a vested estate by a preceding gift to such issue.

XXV. And it is hereby enacted, that where any real estate shall be devised to any trustee or executor, such devise shall be construed to pass the fee simple or other the whole estate or interest which the testator had power to dispose of by will in such real estate, unless a definite term of years, absolute or determinable, or an estate of freehold, shall thereby be given to him expressly or by implication.

XXVI. And it is hereby enacted, that where any real estate shall be devised to a trustee without any express limitation of the estate to be taken by such trustee, and the beneficial interest in such real estate, or in the surplus rents and profits thereof shall not be given to any person for life, or such beneficial interest shall be given to any person for life, but the purposes of the trust may continue beyond the life of such person, such devise shall be construed to vest in such trustee the fee simple, or other the whole legal estate which the testator had power to dispose of by will in such real estate and not an estate determinable when the purposes of the trust shall be satisfied.

XXVII. And it is hereby enacted, that where any person to whom any real estate shall be devised for an estate tail, or an estate in quasi entail, shall die in the life time of the testator, leaving issue who would be inheritable under such entail, and any such issue shall be living at the time of the death of the testator, such devise shall not lapse, but shall take effect as if the death of such person had happened immediately after the death of the testator, unless a contrary intention shall appear by the will.

XXVIII. And it is hereby enacted, that where any person being a child or other issue of the testator to whom any real or personal estate shall be devised or bequeathed for any estate or interest not determinable at or before the death of such person, shall die in the life time of the testator leaving issue, and any such issue of such person shall be living at the time of the death of the testator, such devise or bequest shall not lapse, but shall take effect as if the death of such person had happened immediately after the death of the testator, unless a contrary intention shall appear by the will.

XXIX. And it is hereby enacted, that notwithstanding anything in this Act contained, any Soldier being in actual Military Service, or any Mariner or Seaman being at sea, may dispose of his personal estate as he might have done before the making of this Act.

XXX. And it is hereby enacted, that nothing in this Act contained shall be construed to repeal the provisions of Act No. XX. of 1897, whereby immoveable property situated within the jurisdiction of the Court of Judicature of Prince of Wales' Island, Singapore and Malacca transmitted by the last will of any person having a beneficial interest in the same is taken to be and to have been of the nature of chattels real and not of freehold as regards such transmission, provided that such will shall be executed and construed as a will of chattels real to be executed and construed by virtue of this Act.

XXXI. And it is hereby enacted, that this Act shall not extend to any will made before the 1st day of February, in the year of our Lord 1839, and that every will re-executed or re-published or revived by any codicil shall for the purposes of this Act be deemed to have been made at the time at which the same shall be re-executed, re-published, or revived; and that this Act shall not extend to any estate *pur autre vie* of any person who shall die before the First day of February in the year of our Lord 1839.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Deceased in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booroo terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore:

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khowleah Bar-risaul.	70,000	North, the Ranganbee river, the Barweckhalee Khul, and the Jewchoora river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweckhalee, and Kumarkhalee Khale.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunnah Seyadpore. It is high and dry, requiring little, or no embanking, to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweckhalee, and Kumarkhalee Khale.—East, the Balissur river.—South, the Bhamir river joining the Bholah with the Balissur river.—West, the Bholah.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

Soonderbuns, Commissioner's Office, Allipore, the 6th Sept. 1838.

G. T. SHAKESPEAR, Commissioner.

III. And it is hereby enacted, that this Act shall only extend to the wills of persons whose personal property cannot by the Law of England pass to their representatives without Probate or Letters of Administration obtained in one of Her Majesty's Supreme Courts of Judicature, and that the Statutes and parts of Statutes aforesaid are only repealed as far as they relate to the succession to the property of such persons.

IV. And it is hereby enacted, that it shall be lawful for every person to devise, bequeath or dispose of

by his will executed in manner hereinafter required, all real estate and all personal estate which he shall be entitled to, either at Law or in Equity, at the time of his death, and which, if not so devised, bequeathed or disposed of, would devolve upon the heir at law of him, or, if he became entitled by descent, of his ancestor, or upon his executor or administrator, and that the power hereby given shall extend to all estates *pur autre vie*, whether there shall or shall not be any special occupant thereof, and whether the same shall be a corporeal or an incorporeal hereditament, and whether the same shall be freehold or of any other tenure, and also to all contingent, executory or other future interests in any real or personal estate, whether the testator may or may not be ascertained as the person or one of the persons in whom the same respectively may become vested, and whether he may be entitled thereto under the instrument by which the same respectively were created; or under any disposition thereof by deed or will; and also to all rights of entry for conditions broken, and other rights of entry, and also to such of the same estates, interests, and rights respectively, and other real and personal estate as the testator may be entitled to at the time of his death, notwithstanding that he may become entitled to the same subsequently to the execution of his will.

V. And it is hereby enacted, that no will made by any person under the age of twenty-one years shall be valid.

VI. Provided also, and it is hereby enacted, that no will made by any married woman shall be valid, except such a will as might have been made by a married woman before the passing of this Act.

VII. And it is hereby enacted, that no will shall be valid unless it shall be in writing and executed in manner hereinafter mentioned; (that is to say) it shall be signed at the foot or end thereof by the testator or by some other person in his presence and by his direction, and such signature shall be made or acknowledged by the testator in the presence of two or more witnesses present at the same time, and such witnesses shall subscribe the will in the presence of the testator, but no form of attestation shall be necessary.

VIII. And it is hereby enacted, that no appointment made by will in exercise of any power, shall be valid, unless the same be executed in manner herein before required; and every will executed in manner hereinafter required shall, so far as respects the execution and attestation thereof, be a valid execution of a power of appointment by will, notwithstanding that it shall have been expressly required that a will made in exercise of such power should be executed with some additional or other form of execution or solemnity.

IX. And it is hereby enacted, that every will executed in manner hereinafter required shall be valid without any other publication thereof.

X. And it is hereby enacted, that if any person who shall attest the execution of a will, shall at the time of the execution thereof, or at any time afterwards, be incompetent to be admitted a witness to prove the execution thereof, such will shall not on that account be invalid.

XI. And it is hereby enacted, that if any person shall attest the execution of any will, to whom or to whose wife or husband any beneficial devise, legacy, estate, interest, gift or appointment of or affecting any real or personal estate (other than and except charges and directions for the payment of any debt or debts) shall be thereby given or made, such devise, legacy, estate, interest, gift or appointment, shall, so far only as concerns such person attesting the execution of such will, or the wife or husband of such person, or any person claiming under such person or wife or husband, be utterly null and void, and such person so attesting shall be admitted as a witness to prove the execution, or to prove the validity or invalidity thereof, notwithstanding such devise, legacy, estate, interest, gift or appointment mentioned in such will.

XII. And it is hereby enacted, that in case by any will any real or personal estate shall be charged with any debt or debts, and any creditor, or the wife or husband of any creditor, whose debt is so charged shall attest the execution of such will, such creditor, notwithstanding such charge, shall be admitted a witness to prove the execution of such will, or to prove the validity or invalidity thereof.

XIII. And it is hereby enacted, that no person shall, on account of his being an executor of a will,

be incompetent to be admitted a witness to prove the execution of such will, or a witness to prove the validity or invalidity thereof.

XIV. And it is hereby enacted, that every will made by a man or woman shall be revoked by his or her marriage (except a will made in exercise of a power of appointment, when the real or personal estate thereby appointed would not in default of such appointment pass to his or her heir, executor or administrator, or the person entitled as his or her next of kin, under the Statute of Distributions).

XV. And it is hereby enacted, that no will shall be revoked by any presumption of an intention on the ground of an alteration in circumstances.

XVI. And it is hereby enacted, that no will or codicil, or any part thereof shall be revoked otherwise than as aforesaid, or by another will or codicil executed in manner hereinafter required, or by some writing declaring an intention to revoke the same, and executed in the manner in which a will is hereinafter required to be executed, or by the burning, tearing or otherwise destroying the same by the testator or by some person in his presence and by his direction with the intention of revoking the same.

XVII. And it is hereby enacted, that no obliteration, interlineation or other alteration made in any will after the execution thereof, shall be valid or have any effect, except so far as the words or effect of the will before such alteration shall not be apparent, unless such alteration shall be executed in like manner as hereinafter is required for the execution of the will; but the will, with such alteration as part thereof, shall be deemed to be duly executed, if the signature of the testator and the subscription of the witnesses be made in the margin or some other part of the will opposite or near to such alteration, or at the foot or end of or opposite or near to such alteration, or at the foot or end of or opposite to a memorandum referring to such alteration, and written at the end or some other part of the will.

XVIII. And it is hereby enacted, that no will or codicil, or any part thereof, which shall be in any manner revoked, shall be revived otherwise than by the re-execution thereof, or by a codicil executed in a manner hereinafter required, and showing an intention to revive the same, and when any will or codicil which shall be partly revoked and afterwards wholly revoked, shall be revived, such revival shall not extend to so much thereof as shall have been revoked before the revocation of the whole thereof, unless an intention to the contrary be shown.

XIX. And it is hereby enacted, that no conveyance or other act made or done subsequently to the execution of a will of, or relating to any real or personal estate therein comprised, except an act by which such will shall be revoked as aforesaid shall prevent the operation of the will with respect to such estate or interest in such real or personal estate as the testator shall have power to dispose of by will at the time of his death.

XX. And it is hereby enacted, that every will shall be construed, with reference to the real estate and personal estate comprised in it, to speak and take effect as if it had been executed immediately before the death of the testator unless a contrary intention shall appear by the will.

XXI. And it is hereby enacted, that unless a contrary intention shall appear by the will such real estate or interest therein as shall be comprised or intended to be comprised in any devise in such will contained, which shall fail or be void by reason of the death of the devisee in the life time of the testator, or by reason of such devise being contrary to law, or otherwise incapable of taking effect shall be included in the residuary devise (if any) contained in such will.

XXII. And it is hereby enacted, that a general devise of the real estate of the testator, or of the real estate of the testator in any place or in the occupation of any person mentioned in his will, or otherwise described in a general manner, shall be construed to include any real estate, or any real estate to which such description shall extend (as the case may be) which he may have power to appoint in any manner he may think proper and shall operate as an execution of such power, unless a contrary intention shall appear by the will, and in like manner a bequest of the personal estate of the testator or any bequest of personal estate described in a general manner shall be construed to include any personal estate, or any personal estate to which such description shall extend.

(as the case may be) which he may have power to appoint in any manner he may think proper and shall operate as an execution of such power, unless a contrary intention shall appear by the will.

XXIII. And it is hereby enacted, that where any real estate shall be devised to any person without any words of limitation, such devise shall be construed to pass the fee simple, or other the whole estate or interest which the testator had power to dispose of by will in such real estate, unless a contrary intention shall appear by the will.

XXIV. And it is hereby enacted, that in any devise or bequest of real or personal estate the words "die without issue," or "die without leaving issue," or any other words which may import either a want or failure of issue of any person in his life time or at the time of his death, or an indefinite failure of his issue, shall be construed to mean a want or failure of issue in the life time or at the time of the death of such person, and not an indefinite failure of his issue, unless a contrary intention shall appear by the will, by reason of such person having a prior estate tail, or of a preceding gift being, without any implication arising from such words, a limitation of an estate tail to such person or issue, or otherwise; Provided, that this Act shall not extend to cases where such words as aforesaid import, if no issue described in a preceding gift shall be born, or if there shall be no issue who shall live to attain the age or otherwise answer the description required for obtaining a vested estate by a preceding gift to such issue.

XXV. And it is hereby enacted, that where any real estate shall be devised to any trustee or executor, such devise shall be construed to pass the fee simple or other the whole estate or interest which the testator had power to dispose of by will in such real estate, unless a definite term of years, absolute or determinable, or an estate of freehold, shall thereby be given to him expressly or by implication.

XXVI. And it is hereby enacted, that where any real estate shall be devised to a trustee without any express limitation of the estate to be taken by such trustee, and the beneficial interest in such real estate, or in the surplus rents and profits thereof shall not be given to any person for life, or such beneficial interest shall be given to any person for life, but the purposes of the trust may continue beyond the life of such person, such devise shall be construed to vest in such trustee the fee simple, or other the whole legal estate which the testator had power to dispose of by will in such real estate and not an estate determinable when the purposes of the trust shall be satisfied.

XXVII. And it is hereby enacted, that where any person to whom any real estate shall be devised for an estate tail, or an estate in quasi entail, shall die in the life time of the testator, leaving issue who would be inheritable under such entail, and any such issue shall be living at the time of the death of the testator, such devise shall not lapse, but shall take effect as if the death of such person had happened immediately after the death of the testator, unless a contrary intention shall appear by the will.

FORT WILLIAM,

POLITICAL DEPARTMENT,

23d OCTOBER, 1838.

The Hon'ble the President of the Council of India in Council having received from the Right Honourable the Governor General of India the following Declaration, is pleased to direct that it be published for general information.

DECLARATION

ON THE PART OF THE RIGHT HONORABLE
THE GOVERNOR GENERAL OF INDIA.

SIMLA, OCTOBER 1st, 1838.

The Right Honourable the Governor General of India having, with the concurrence of the Supreme Council, directed the assemblage of a British Force for service across the Indus, His Lordship deems it proper to publish the following exposition of the reasons which have led to this important measure.

It is a matter of notoriety that the Treaties entered into by the British Government in the year 1832, with the Amceers of Sind, the Nawab of Bahawalpore, and Maha Raja Runjeet Singh, had for their object, by opening the navigation of the Indus, to facilitate the extension of commerce, and to gain for the British nation, in Central Asia, that legitimate influence which an interchange of benefits would naturally produce.

With a view to invite the aid of the *de facto* rulers of Afghanistan to the measures necessary for giving full effect to those Treaties, Captain Burnes was deputed, towards the close of the year 1836, on a mission to Dost Mahomed Khan, the Chief of Cabul. The original objects of that Officer's mission were purely of a commercial nature. Whilst Captain Burnes, however, was on his journey to Cabul, information was received by the Governor General that the Troops of Dost Mahomed Khan had made a sudden and unprovoked attack on those of our ancient Ally, Maha Raja Runjeet Singh. It was naturally to be apprehended that His Highness the Maha Raja would not be slow to avenge this aggression; and it was to be feared that the flames of war being once kindled in the very

regions into which we were endeavouring to extend our commerce, the peaceful and beneficial purposes of the British Government would be altogether frustrated. In order to avert a result so calamitous, the Governor General resolved on authorizing Captain Burnes to intimate to Dost Mahomed Khan that, if he should evince a disposition to come to just and reasonable terms with the Maha Raja, His Lordship would exert his good offices with His Highness for the restoration of an amicable understanding between the two Powers. The Maha Raja, with the characteristic confidence which he has uniformly placed in the faith and friendship of the British nation, at once assented to the proposition of the Governor General to the effect that, in the mean time, hostilities on his part should be suspended.

It subsequently came to the knowledge of the Governor General that a Persian Army was besieging Herat; that intrigues were actively prosecuted throughout Afghanistan for the purpose of extending Persian influence and authority to the banks of, and even beyond, the Indus; and that the Court of Persia had not only commenced a course of injury and insult to the Officers of Her Majesty's mission in the Persian territory, but had afforded evidence of being engaged in designs wholly at variance with the principles and objects of its alliance with Great Britain.

After much time spent by Captain Burnes in fruitless negotiation at Cabul, it appeared that Dost Mahomed Khan chiefly in consequence of his reliance upon Persian encouragement and assistance, persisted, as respected his misunderstanding with the Sikhs, in urging the most unreasonable pretensions, such as the Governor General could not, consistently with justice and his regard for the friendship of Maha Raja Runjeet Sing, be the channel of submitting to the consideration of His Highness; that he avowed schemes of aggrandizement and ambition, injurious to the security and peace of the frontiers of India; and that he openly threatened, in furtherance of those schemes, to call in every foreign aid which he could command. Ultimately he gave his undisguised support to the Persian designs in Afghanistan, of the unfriendly and injurious character of which, as concerned the British Power in India, he was well apprized, and by his utter disregard of the views and interests of the British Government, compelled Captain Burnes to leave Cabul without having effected any of the objects of his mission.

It was now evident that no further interference could be exercised by the British Government to bring about a good understanding between the Sikh Ruler and Dost Mahomed Khan, and the hostile policy of the latter Chief showed too plainly that, so long as Cabul remained under his Government, we could never hope that the tranquility of our neighbourhood would be secured, or that the interests of our Indian Empire would be preserved inviolate.

The Governor General deems it in this place necessary to revert to the siege of Herat, and the conduct of the Persian nation. The siege of that city has now been carried on by the Persian Army for many months. The attack upon it was a most unjustifiable and cruel aggression, perpetrated and continued, notwithstanding the solemn and repeated remonstrances of the British Envoy at the Court of Persia, and after every just and becoming offer of accommodation had been made and rejected. The besieged have behaved with gallantry and fortitude worthy of the justice of their cause, and the Governor General would yet indulge the hope that their heroism may enable them to maintain a successful defence until succours shall reach them from British India. In the meantime, the ulterior designs of Persia, affecting the interests of the British Government, have been, by succession of events, more and more openly manifested. The Governor General has recently ascertained by an official Despatch from Mr. McNeill, Her Majesty's Envoy, that His Excellency has been compelled, by the refusal of his just demands, and by a systematic course of disrespect adopted towards him by the Persian Government, to quit the Court of the Shah, and to make a public declaration of the cessation of all intercourse between the two Governments. The necessity under which Great Britain is placed, of regarding the present advance of the Persian arms into Afghanistan as an act of hostility towards herself, has also been officially communicated to the Shah, under the express order of Her Majesty's Government.

The Chiefs of Candahar (Brothers of Dost Mahomed Khan of Cabul) have avowed their adherence to the Persian policy, with the same full knowledge

of its opposition to the rights and interests of the British nation in India, and have been openly assisting in the operations against Herat.

In the crisis of affairs consequent upon the retirement of our Envoy from Cabul, the Governor General felt the importance of taking immediate measures for arresting the rapid progress of foreign intrigue and aggression towards our own territories.

His attention was naturally drawn at this conjuncture to the position and claims of Shah Shooja-ool-Moolk, a monarch who, when in power, had cordially acceded to the measures of united resistance to external enmity, which were at that time judged necessary by the British Government, and who, on his Empire being usurped by its present Rulers, had found an honorable asylum in the British dominions.

It had been clearly ascertained, from the information furnished by the various Officers who have visited Afghanistan, that the Barukzye Chiefs, from their disunion and unpopularity, were ill-fitted, under any circumstances, to be useful Allies to the British Government, and to aid us in our just and necessary measures of national defence. Yet so long as they refrained from proceedings injurious to our interest and security, the British Government acknowledged and respected their authority. But a different policy appeared to be now more than justified by the conduct of those Chiefs, and to be indispensable to our own safety. The welfare of our possessions in the East requires that we should have on our Western Frontier, an Ally who is interested in resisting aggression, and establishing tranquility, in the place of Chiefs ranging themselves in subservience to a hostile Power, and seeking to promote schemes of conquest and aggrandizement.

After a serious and mature deliberation, the Governor General was satisfied that a pressing necessity, as well as every consideration of policy and justice, warranted us in espousing the cause of Shah Shoojah-ool-Moolk, whose popularity throughout Afghanistan had been proved to His Lordship by the strong and unanimous testimony of the best authorities. Having arrived at this determination, the Governor General was further of opinion, that it was just and proper, no less from the position of Maha Raja Runjeet Singh, than from his undeviating friendship towards the British Government that His Highness should have the offer of becoming a party to the contemplated operations, Mr. Macnaghten was accordingly deputed in June last to the Court of His Highness, and the result of his mission has been the conclusion of a Tripartite Treaty by the British Government, the Maha Raja, and Shah Shooja-ool-Moolk, whereby His Highness is guaranteed in his present possessions, and has bound himself to co-operate for the restoration of the Shah to the throne of his ancestors. The friends and enemies of any one of the contracting parties have been declared to be the friends and enemies of all. Various points have been adjusted, which had been the subjects of discussion between the British Government and His Highness the Maha Raja, the identity of whose interests with those of the Honorable Company has now been made apparent to all the surrounding States. A guaranteed independence will, upon favourable conditions, be tendered to the Ameers of Sind; and the integrity of Herat, in the possession of its present Ruler, will be fully respected; while by the measures completed, or in progress, it may reasonably be hoped that the general freedom and security of commerce will be promoted; that the name and just influence of the British Government will gain their proper footing among the nations of Central Asia; that tranquillity will be established upon the most important frontier of India; and that a lasting barrier will be raised against hostile intrigue and encroachment.

His Majesty Shah Shoojah-ool-Moolk will enter Afghanistan, surrounded by his own troops, and will be supported against foreign interference and factious opposition by a British Army. The Governor General confidently hopes that the Shah will be speedily replaced on his Throne by his own subjects and adherents, and when once he shall be secured in power, and the independence and integrity of Afghanistan established, the British Army will be withdrawn. The Governor General has been led to these measures by the duty which is imposed upon him of providing for the security of the possessions of the British Crown; but he rejoices that, in the discharge of this duty, he will be enabled to assist in restoring the union and prosperity of the Afghan people. Throughout the approaching operations, British influence will be sedulously employed to further every measure of general benefit; to reconcile differences; to secure oblivion of injuries; and to put an end to the

difficulties by which, for so many years, the welfare and happiness of the Afghans have been impaired. Even to the Chiefs, whose hostile proceedings have given just cause of offence to the British Government, it will seek to secure liberal and reasonable treatment, on their tendering early submission; and, pending their opposition to that course of measures, which may be judged the most suitable for the general advantage of their country.

By Order of the Right Hon'ble the Governor General of India,

W. H. MACNAGHTEN,
Secy. to the Govt. of India, with the Govt. Genl.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Decreed in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-bores terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khoolceah Bar-risaul.	70,000	North, the Pangachee river, the Barweekhalee Khal, and the Jewdhooa river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweekhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunwah Seyadpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweekhalee, and Kumarkhalee Khals.—East, the Balissur river.—South, the Dhamir river joining the Bholah with the Balissur river.—West, the Bholah.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

FORT WILLIAM,
POLITICAL DEPARTMENT,
23^d OCTOBER, 1838.

The Hon'ble the President of the Council of India in Council having received from the Right Honorable the Governor General of India the following Declaration, is pleased to direct that it be published for general information.

DECLARATION

ON THE PART OF THE RIGHT HONORABLE
THE GOVERNOR GENERAL OF INDIA.

SIMLA, 1st OCTOBER, 1838.

The Right Honorable the Governor General of India having, with the concurrence of the Supreme Council, directed the assembling of a British Force for service across the Indus, His Lordship deems it proper to publish the following exposition of the reasons which have led to this important measure.

It is a matter of notoriety that the Treaties entered into by the British Government in the year 1832, with the Amcers of Sind, the Nawab of Bahawalpore, and Maha Raja Runjeet Singh, had for their object, by opening the navigation of the Indus, to facilitate the extension of commerce, and to gain for the British nation, in Central Asia, that legitimate influence which an interchange of benefits would naturally produce.

With a view to invite the aid of the *de facto* rulers of Afghanistan to the measures necessary for giving full effect to those Treaties, Captain Burnes was deputed, towards the close of the year 1836, on a mission to Dost Mahomed Khan, the Chief of Cabul. The original objects of that Officer's mission were purely of a commercial nature. Whilst Captain Burnes, however, was on his journey to Cabul, information was received by the Governor General that the Troops of Dost Mahomed Khan had made a sudden and unprovoked attack on those of our ancient Ally, Maha Raja Runjeet Singh. It was naturally to be apprehended that His Highness the Maha Raja would not be slow to avenge this aggression, and it was to be feared that the flames of war being once kindled in the very regions into which we were endeavouring to extend our commerce, the peaceful and beneficial purposes of the British Government would be altogether frustrated. In order to avert a result so calamitous, the Governor General resolved on authorizing Captain Burnes to intimate to Dost Mahomed Khan, that, if he should evince a disposition to come to just and reasonable terms with the Maha Raja, His Lordship would exert his good offices with His Highness for the restoration of an amicable understanding between the two Powers. The Maha Raja, with the characteristic confidence which he has uniformly placed in the faith and friendship of the British nation, at once assented to the proposition of the Governor General to the effect that, in the mean time, hostilities on his part should be suspended.

It subsequently came to the knowledge of the Governor General that a Persian Army was besieging Herat; that intrigues were actively prosecuted

throughout Afghanistan for the purpose of extending Persian influence and authority to the banks of, and even beyond, the Indus; and that the Court of Persia had not only commenced a course of injury and insult to the Officers of Her Majesty's mission in the Persian territory, but had afforded evidence of being engaged in designs wholly at variance with the principles and objects of its alliance with Great Britain.

After much time spent by Captain Burnes in fruitless negotiation at Cabul, it appeared that Dost Mahomed Khan, chiefly in consequence of his reliance upon Persian encouragement and assistance, persisted, as respected his misunderstanding with the Sikhs, in urging the most unreasonable pretensions, such as the Governor General could not, consistently with justice and his regard for the friendship of Maha Raja Runjeet Singh, be the channel of submitting to the consideration of His Highness; that he avowed schemes of aggrandizement and ambition, injurious to the security and peace of the frontiers of India; and that he openly threatened, in furtherance of those schemes, to call in every foreign aid which he could command. Ultimately he gave his undisguised support to the Persian designs in Afghanistan, of the unfriendly and injurious character of which, as concerned the British Power in India, he was well apprized, and by his utter disregard of the views and interests of the British Government, compelled Captain Burnes to leave Cabul without having effected any of the objects of his mission.

It was now evident that no further interference could be exercised by the British Government to bring about a good understanding between the Sikh Ruler and Dost Mahomed Khan, and the hostile policy of the latter Chief showed too plainly that, so long as Cabul remained under his Government, we could never hope that the tranquillity of our neighbourhood would be secured, or that the interests of our Indian Empire would be preserved inviolate.

The Governor General deems it in this place necessary to revert to the siege of Herat, and the conduct of the Persian nation. The siege of that city has now been carried on by the Persian Army for many months. The attack upon it was a most unjustifiable and cruel aggression, perpetrated and continued, notwithstanding the solemn and repeated remonstrances of the British Envoy at the Court of Persia, and after every just and becoming offer of accommodation had been made and rejected. The besieged have behaved with gallantry and fortitude worthy of the justice of their cause, and the Governor General would yet indulge the hope that their heroism may enable them to maintain a successful defence until succours shall reach them from British India. In the meantime, the ulterior designs of Persia, affecting the interests of the British Government, have been, by succession of events, more and more openly manifested. The Governor General has recently ascertained by an official Despatch from Mr. McNeill, Her Majesty's Envoy, that His Excellency has been compelled, by the refusal of his just demands, and by a systematic course of disrespect adopted towards him by the Persian Government, to quit the Court of the Shah, and to make a public declaration of the cessation of all intercourse between the two

Governments. The necessity under which Great Britain is placed, of regarding the present advance of the Persian arms into Afghanistan as an act of hostility towards herself, has also been officially communicated to the Shah, under the express order of Her Majesty's Government.

The Chiefs of Candahar (Brothers of Dost Mahomed Khan of Cabul) have avowed their adherence to the Persian policy, with the same full knowledge of its opposition to the rights and interests of the British nation in India, and have been openly assisting in the operations against Herat.

In the crisis of affairs consequent upon the retirement of our Envoy from Cabul, the Governor General felt the importance of taking immediate measures for arresting the rapid progress of foreign intrigue and aggression towards our own territories.

His attention was naturally drawn at this conjuncture to the position and claims of Shah Shooja-ool-Moolk, a monarch who, when in power, had cordially acceded to the measures of united resistance to external enmity, which were at that time judged necessary by the British Government, and who, on his Empire being usurped by its present Rulers, had found an honorable asylum in the British dominions.

It had been clearly ascertained, from the information furnished by the various Officers who have visited Afghanistan, that the Barukzye Chiefs, from their disunion and unpopularity, were ill-fitted, under any circumstances, to be useful Allies to the British Government, and to aid us in our just and necessary measures of national defence. Yet so long as they refrained from proceedings injurious to our interest and security, the British Government acknowledged and respected their authority. But a different policy appeared to be now more than justified by the conduct of those Chiefs, and to be indispensable to our own safety. The welfare of our possessions in the East requires that we should have on our Western Frontier, an Ally who is interested in resisting aggression, and establishing tranquillity, in the place of Chiefs ranging themselves in subservience to a hostile Power, and seeking to promote schemes of conquest and aggrandizement.

After a serious and mature deliberation, the Governor General was satisfied that a pressing necessity, as well as every consideration of policy and justice, warranted us in espousing the cause of Shah Shooja-ool-Moolk, whose popularity throughout Afghanistan had been proved to His Lordship by the strong and unanimous testimony of the best authorities. Having arrived at this determination, the Governor General was further of opinion, that it was just and proper, no less from the position of Maha Raja Runjeet Singh, than from his undeviating friendship towards the British Government that His Highness should have the offer of becoming party to the contemplated operations. Mr. Macnaghten was accordingly deputed in June last to the Court of His Highness, and the result of his mission has been the conclusion of a Tripartite Treaty by the British Government, the Maha Raja, and Shah Shooja-ool-Moolk, whereby His Highness is guaranteed in his present possessions, and has bound himself to co-operate for the restoration of the Shah to the throne of his ancestors. The friends and enemies of any one of the contracting parties have been declared to be the friends and enemies of all. Various points have been adjusted, which had been the subjects of discussion between the British Government and His Highness the Maha Raja, the identity of whose interests with those of the Honorable Company has now been made apparent to all the surrounding States. A guaranteed independence will, upon favourable conditions, be tendered to the Ameers of Sind; and the integrity of Herat, in the possession of its present Ruler, will be fully respected; while by the measures

completed, or in progress, it may reasonably be hoped that the general freedom and security of commerce will be promoted; that the name and just influence of the British Government will gain their proper footing among the nations of Central Asia; that tranquillity will be established upon the most important frontier of India; and that a lasting barrier will be raised against hostile intrigue and encroachment.

His Majesty Shah Shooja-ool-Moolk will enter Afghanistan, surrounded by his own troops, and will be supported against foreign interference and factious opposition by a British Army. The Governor General confidently hopes that the Shah will be speedily replaced on his throne by his own subjects and adherents, and when once he shall be secured in power, and the independence and integrity of Afghanistan established, the British Army will be withdrawn. The Governor General has been led to these measures by the duty which is imposed upon him of providing for the security of the possessions of the British Crown; but he rejoices that, in the discharge of this duty, he will be enabled to assist in restoring the union and prosperity of the Afghan people. Throughout the approaching operations, British influence will be sedulously employed to further every measure of general benefit; to reconcile differences; to secure oblivion of injuries; and to put an end to the distractions by which, for so many years, the welfare and happiness of the Afghans have been impaired. Even to the Chiefs, whose hostile proceedings have given just cause of offence to the British Government, it will seek to secure liberal and honorable treatment, on their tendering early submission, and ceasing from opposition to that course of measures, which may be judged the most suitable for the general advantage of their country.

By order of the Right Hon'ble the Governor General of India,

(Signed) W. H. MACNAGHTEN,

Secy. to the Govt. of India, with the Govr. Genl.

Foreign General Officers.

Captains of Foreign Ships of War.

REGULATIONS RELATIVE TO SECTION VI.

ARTICLE 1. If a Foreigner of high distinction, or a Foreign Flag Officer, or a General Officer, shall visit any one of Her Majesty's ships or vessels, he may be saluted on his going on board, or on leaving the ship or vessel, with such number of guns as, from his rank, may be deemed proper: not, however, exceeding fifteen, unless a British Officer of corresponding rank shall have been saluted by a ship or vessel of the nation of such Foreigner with a greater number, in which case an equal number may be fired, but never exceeding nineteen guns.

The Captain of a foreign ship of war may also be saluted with nine guns, on his visiting one of Her Majesty's ships, if such compliment shall have been paid to the Captain of one of Her Majesty's ships on his visiting a ship of the nation to which such foreign ship may belong; but if he never had an opportunity of visiting such foreign ship of war, he is nevertheless at liberty to pay the compliment to the foreign Captain, and to return the personal Salute from any foreign ship.

In either of the above-mentioned cases the flag of the nation of such foreigner shall be hoisted during the Salute at the mast-head.

Art. 2. Officers commanding Her Majesty's ships or vessels on visiting foreign ports are to ascertain the number of guns with which such places have usually been saluted, and they are to salute with that number of guns, on receiving assurance that the Salute will be returned gun for gun; but such Salutes are not to exceed twenty-one guns. In the event of there being already in the port a senior Officer of Her Majesty's ships, his directions on the subject are to be followed; but if several ships or vessels shall arrive together, the senior Officer only of them shall salute.

Art. 3. All Salutes from ships of war of other nations, either to Her Majesty's forts or ships, are to be returned gun for gun.

Art. 4. A British ship or vessel of war meeting at sea a foreign ship of war bearing the flag of a Flag Officer, or the broad pendant of a Commodore, commanding a station or squadron, and superior in rank to the Officer of the British ship or vessel, she shall salute such foreign Flag Officer or Commodore with the number of guns to which a British Officer of corresponding rank is entitled, upon being assured of receiving in return gun for gun.

Art. 5. Her Majesty's ships or vessels shall not, on any account, lower their top-gallant-sails, nor their flags, to any foreign ships or vessels whatsoever, unless the foreign ships or vessels shall first, or at the same time lower their top-gallant-sails or their flags to them.

SECTION VII.

Miscellaneous.

REGULATIONS RELATIVE TO SECTION VII.

ARTICLE 1. None of the Salutes authorised by these Instructions shall be fired from ships of war, without due communication, by signal or otherwise, being made to the naval Commanding Officer present, except in cases of Salutes in compliment to such Commanding Officer himself.

Art. 2. Such of the authorities mentioned in the foregoing Instructions as may, from their rank and Appointments, be entitled to be saluted in more than one capacity, shall be saluted under that rank which shall entitle them to the greatest number of guns, but on no occasion is the same individual to be saluted in more than one capacity.

Art. 3. Frequent accidents occurring during the firing of Salutes in small vessels, from the haste with which the guns are necessarily reloaded, none of Her Majesty's vessels, with less than 10 guns, are in future to fire a Salute that may require the reloading of the guns, unless under circumstances when such omission cannot be explained, to prevent giving offence to a Foreign Bowler or a Foreign Officer.

Art. 4. No other Salutes than those authorised by the foregoing regulations are to be allowed, except that, upon any important occasion, such as a great victory gained by Her Majesty's arms, or other highly interesting

national event, the Governor, or Officer commanding any of Her Majesty's possessions abroad, may, in conjunction with the senior Officer of Her Majesty's Naval Service on the spot, direct such Salutes to be fired as the occasion may demand, as he may require; but unless the Officers in command of both Services concur in the propriety of such Salutes being fired, they are not to take place by any Service only.

The Governors of our Colonies are, however, authorised to continue in addition such Salutes as may have been customary, and which they deem to be of proper religious ceremonies, and further to cause the usual Salutes to be fired at the opening and closing of the Houses of Parliament or Assembly; but these Salutes are in neither of the above cases to exceed 10 guns.

Art. 5. The ammunition for all Salutes authorised by the foregoing Instructions shall be supplied by Her Majesty's Ordnance at the public charge; but, in the event of guns being fired to enforce Quarantine or Port regulations, where there may be local laws authorising the recovery of the cost of the ammunition used for such purpose, the amount is always to be recovered and paid to the respective Officers of the Ordnance at the place.

By Order of The Commander in Chief,

R. TORRENS, Major Genl.

Adj. Genl. to Her Majesty's Forces in India.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Decreed in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booree terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Knowlesah Barisaul.	70,000	North, the Pangachee river, the Barweekhalee Khel, and the Jwadhoora river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweekhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pongunah Seyadpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweekhalee, and Kumarkhalee Khals.—East, the Balissur river.—South, the Diamari river joining the Bhola with the Balissur river.—West, the Bhola.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Ditto.....
Ditto.....	Ditto.....
Ditto.....	Ditto.....
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

GENERAL ORDERS BY THE HON'BLE THE PRESIDENT
IN COUNCIL.

FORT WILLIAM, 29th October, 1838.

No. 155 of 1838.—Inconvenience having been found to arise from the existing mode of embarking and providing Troops and Invalids, returning to Europe, with Medical comforts and the authorized equipments, His Honor in Council is pleased to lay down the following rules, in substitution of those now in force:

The Commissariat Department will in future be held responsible for the supply and shipment of Hammocks and other necessaries, as well as the Medical comforts allowed by the Regulations, on Embarkation Returns furnished by the Quarter Master General of the Army, or in his absence by the Officer in charge of the office at the Presidency.

If any articles not allowed by Regulations should at any time be required in extraordinary cases, which can seldom occur, an Indent for such, with an explanation of the circumstance, will be submitted by the Quarter Master General of the Army, or the Officer in charge of his office at the Presidency, to the Secretary in the Military Department, for the Orders of Government.

The whole of the supplies are to undergo the prescribed survey previous to shipment, and the Commissariat Officer shipping them will furnish a statement of their description and quantities to the Officer Commanding the Troops or Invalids for whose use the articles may have been put on board.

The Officer who may be nominated to the command of the party embarking in each ship shall invariably be either President or a Member of the Committee, which is to examine the articles, and a Medical Officer in all practicable cases shall likewise be a Member.

Correct Returns of the Invalids of the season and other Soldiers, both of the Royal and Honorable Company's Services, for whom a passage to Europe is required, are to be forwarded by the Major of Brigade Queen's Troops, or Town Major, as the case may be, to the Quarter-Master General of the Army, or Officer in charge of his office at the Presidency, who, in communication with the Marine Board, will make the distribution to the several Vessels engaged.

The Quarter Master General of the Army will report for the information of Government the number of individuals of both services for whom accommodation is required, in order that the Marine Board may be instructed to advertize for tenders of the requisite tonnage.

The Quarter Master General of the Army, or his Deputy or Assistant, in charge of the office at the Presidency, will prepare the necessary Embarkation Returns, for the Marine Board, and Commissariat Officer who provides the Hammocks and Medical comforts, and whose charges for the same will be considered sufficiently vouched by that document, and the receipt of the Commander of the Vessels for the articles shipped, as sanctioned by Regulation.

Half Weekly Returns of the alterations in the number of individuals to embark will be required by the Quarter Master General of the Army or the Officer in charge of his office at the Presidency from the proper Departments, until the whole are embarked.

The Commissary General or Senior Officer of the Department present, will make a return to Government of all articles shipped under these Orders, supported by duplicate receipts for the same from the Commanders of the Ships on board of which the Troops may have been embarked, those documents being required for transmission to the Hon'ble the Court of Directors, if possible by the same Ships.

The committee to examine the Ship-accommodation after the Vessel is reported ready for inspection will be constituted as heretofore.

The Quarter Master General of the Army or Departmental Officer in charge of the Presidency Office, will receive from the Master Attendant due notice both when a Ship is ready for inspection of the Committee, and when prepared to receive the Detachment allotted to her; he will accordingly make the necessary requisition for the Committee, and the necessary arrangements for the embarkation of the Troops, taking care that no avoidable delay occurs in either case.

The payment of arrears of pay and other dues to men under orders of embarkation will be adjusted as heretofore.

His Excellency the Commander in Chief is requested to issue any Subsidiary Orders which may be necessary to give effect to the foregoing rules.

The rules in the form of instructions prepared by the Marine Board for the guidance of the Master Attendant and Commanders of Vessels taken up for the conveyance of Troops having been approved of by Government, are herewith published for general information:

When the Tenders are opened, a List of Vessels selected by the Board with reference to their qualities and rates of Tender on which report may be required will be forwarded to you. The space for the men is to be selected by the Surveying Officers with the avowed concurrence of the Commander, which is to be noticed in the Report, with special reference to the comfort

random from the President stating whether the Committee is fully satisfied with the arrangements. In the event of their not being so, the Surveyor and your Assistants are to endeavor to explain away their objections, if, in their opinion, they are not tenable, with reference to the terms of agreement, or to uphold them and enforce them on the Commander, if in conformity thereto. If in the former case the Committee should still maintain their objections, your Assistant is to request from the President a written statement of them, which you will forward to the Board, with the observations of the Surveyor and your Assistant, and such remarks as you may yourself think proper to make.

If Military Committee are not satisfied with arrangements, the Surveying Officer and Assistant Master Attendant to explain away their objection, if at variance with agreement, if not so, to uphold them and enforce them on the Commander.

If Military Committee adhere to their objections, notwithstanding explanation of the Surveyor and Assistant Master Attendant, they are to require a written statement of them, Master Attendant to forward such statement with remarks of Surveyor and Assistant Master Attendant, and his own observations.

Military Committee being satisfied, day of embarkation is to be fixed, two clear days' notice being given to the Town Major or Brigade Major, as the case may be.

Pilot not to move the Vessel for forty-eight hours after embarkation, unless authorized so to do in writing by the Officer superintending the embarkation.

Most particular attention

9. The Board must now request that the most particular attention be paid to the above directions. In future, as before observed, instructions for the guidance of Commanders will be issued to them on the Vessels being engaged—Copy of the Instructions are herewith forwarded for your information.

I have, &c.

(Signed) C. G.

Secretary.

Fort William, Marine Board Office, 1865.

* Note. Copy of the agreement and its accompaniments are herewith forwarded, as well for your general information, as for the purpose of being taken on board by your Assistant for reference by the Military Committee.

A Report of Survey upon the undermentioned Ships tendered for the Conveyance of about Invalids to England.

Names.	Tonnage.	Situation of the space proposed to be allotted.	Height between Decks, in the space proposed to be allotted.	How ventilated.	Cabin for the Officer in charge.	Remarks.

Sir,—The Ship under your Command, having been engaged for the conveyance of to England, I am directed by the Marine Board to request that you will forthwith place yourself in communication with the Master Attendant, and implicitly attend to the following directions.

2. The Surveyor and one of the Assistants to the Master Attendant will attend on board your Ship to measure off the space allotted to the men, according to the agreement, and you are therefore, with as little delay as possible, to cause that space to be properly partitioned off, and separated by a bulk-head from the Crew and Cargo. You are also to cause proper hammock battens to be put up, ladders to be fixed at the hatchways, and awnings and wind-sails to be provided. You are also, as speedily as possible, to produce to the Master Attendant, for the inspection and survey of one of his Assistants, musters of the several articles of provisions which you purpose to furnish for the Troops during the voyage, and you are to change such as may not be approved by such Assistant. As it is not possible for such Assistant to inspect and survey the whole of each article, and as the inspection and survey by a Government Officer does not, according to the agreement, "in any manner lessen the responsibility" of the Owners and Commander, that the provision shall be of the best quality—you will be required to affix the Certificate, noted in the margin, to a report from the Master Attendant on the provision, &c. proposed by you to be furnished to the Troops during the voyage.

I hereby Certify, that the actual provisions mentioned in the Survey Report have been shipped on the ship for the use of the Troops proceeding on her to England, and that they are all of equal quality to the musters inspected and approved by Assistant Master Attendant.

Commander.

3. Your most particular attention is called to the earliest possible completion of these arrangements, for it is necessary that they should all be concluded before your vessel can be submitted to the inspection of the Military Committee, and the greatest inconvenience as well to the public departments as to vessels conveying home troops has frequently arisen from due care and attention not having been paid by the Commander in hastening these arrangements.

4. When, however, the whole are complete, and the Surveying Officers are satisfied thereof, you will be good enough to fix a day for the visit of the Military Committee and make the same known in writing to the Master Attendant, observing that it is necessary there should be one clear day at least after such notice reaches this Office. On the day that the Military Committee visit the Ship, you are to take care that the space allotted to the men is clear and clean washed, that awnings are spread, wind-sails up, ladders fixed, and every thing arranged, ready for the actual embarkation of the men. You yourself and your Surgeon are to be on board; and you are to pay ready attention to all such suggestions as may be made by the Committee, which are not opposed to the agreement under which your ship is engaged in the service of Government.

5. After the Military Committee shall have left the ship satisfied with the arrangements, you will be good enough to communicate to the Master Attendant the day on which you desire that the men should

embark, who will make the same known to the Quarter Master General of the Army or Officer in charge of his Office at the Presidency, to whom also it will be necessary that two clear days shall be given after such notice to enable them to adjust the men's accounts. You are at the same time to attend at this office for the purpose of executing the agreements.

6. Finally, after the men are embarked, you are distinctly to understand that, according to the agreements, she is not to be moved for forty-eight hours after such embarkation, unless the Officer superintending the embarkation shall furnish the Pilot in writing with permission to leave earlier.

7. I am, in conclusion, directed to repeat the desire of the Board, that the most minute attention be paid to these directions, as otherwise detention and inconvenience cannot but be the consequence to the vessel under your command.

A. F. DONNELLY, Collector.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Decreed in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booree terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khowleah Barissaul.	70,000	North, the Pangachoe river, the Barweckhalee Khali, and the Jewdhooa river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweckhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunnah Seyadpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweckhalee, and Kumarkhalee Khals.—East, the Balissur river.—South, the Dhamir river joining the Bholah with the Balissur river.—West, the Bholah.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 11TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement on this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at	Bengal.
Ditto	Madras.
Ditto	Bombay.
Per Spanish Dollar, Ditto	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk, as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL.

SIMLA, 22D OCTOBER, 1838.

Lieutenant Colonel Charter, of the 5th Regiment Native Infantry, is permitted to retire from the service, from the date on which this order may reach the Camp of that Corps.

The Right Hon'ble the Governor General cannot allow a Lieutenant Colonel to resign his professional duties, and give up the Command of a Regiment at the head of which he has been placed for several years, at a moment when the Corps is in progress to join the Force assembling for active service in the Field under the personal Command of His Excellency the Commander in Chief, without expressing his conviction, that the Bengal Army cannot furnish another instance, of so lamentable a want of correct Military feeling, as that exhibited on the present occasion by Lieutenant Colonel Charter, affording as it does, an example injurious to all its grades, European and Native.

A. F. DONNELLY, Collector.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Deceased in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booree terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khowleeah Bar-risaul.	70,000	North, the Pangachee river, the Barweekhalee Khal, and the Jewdhoora river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweekhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunnah Seyadpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweekhalee, and Kumarkhalee Khals.—East, the Balissur river.—South, the Dhanir river joining the Bholah with the Balissur river.—West, the Bholah.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at	Bengal.
Ditto Ditto	Madras.
Ditto Ditto	Bombay.
Per Spanish Dollar, Ditto ..	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor, and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

FORT WILLIAM, 5th November, 1838.

No. 159 of 1838.—The following paragraphs of a Military Letter No. 64, from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, under date the 8th August 1838, are published for general information, in continuation of General Orders No. 138, of the 1st June 1835.

Para. 1. In our Military Letter to the Supreme Government, dated the 17th December 1834, we notified our concurrence in the opinion of the Governor General, and of the other Members of the Government "that no reason exists why Major Generals should, in the event of there being "in India Supernumerary Major Generals in the "Company's Service, vacate any Offices or Staff "Appointments of which they may be in possession until it actually comes to their turn to "accept or decline "Divisional Commands, when the "same rule" will "apply to them as "we have now directed to be applied to Colonels "holding Staff Appointments."

2. The event thus contemplated has been realized by the large addition made to the number of Major Generals in our service by the Brevet published in the London Gazette of the 24th ultimo.

3. We now apprise you that, in conformity with the above decision, the Regulation which requires Officers

to vacate the Offices and Commands specified in the

* *Secretary to Government*
Military Department.
Adjutant General.
Quarter Master General.
Commissary General.
Military Auditor General.

Commandants of Subsidiary

margins,* on attaining the rank of Major General, will not apply to Major Generals in actual possession of those Offices or Commands at the date of your receipt of this despatch. In all future appointments, the Regulation must be duly attended to and enforced.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Decreed in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booree terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khowleah Bar-risaul.	70,000	North, the Pangachee river, the Barweekhalee Khul, and the Jewdhoora river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweekhalee, and Kumaikhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunnah Seyadpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweekhalee, and Kumaikhalee Khals.—East, the Balissur river.—South, the Dhanir river joining the Bhola with the Balissur river.—West, the Bhola.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

Medical Topography of Calcutta,

BY JAMES RANALD MARTIN.

Presidency Surgeon and Surgeon to the Native Hospital.
PRINTED BY ORDER OF GOVERNMENT.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography.—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

FORT WILLIAM,
FINANCIAL DEPARTMENT,
THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Madras.
Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

STEAM NOTICE.

The BHAGURUTTY, in tow of the MEGNA, Steam Vessel, for Allahabad, left Calcutta on the 11th instant, and will probably leave Allahabad on the 8th December on her return to Calcutta.

By Order of the Marine Board,

(Signed) J. H. JOHNSTON,

Controller of Govt. Steam Vessels.

Calcutta, 12th November, 1838.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Decreed in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booree terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khowleeah Bar-risaul.	70,000	North, the Pangaohee river, the Barweekhalee Khal, and the Jewdhooa river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweekhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunah Scyndpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweekhalee, and Kumarkhalee Khals.—East, the Balissur river.—South, the Dhanir river joining the Bholah with the Balissur river.—West, the Bholah.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

Soonderbuns, Commissioner's Office, Allipore, the 6th Sept. 1838.

G. T. SHAKESPEAR, Commissioner.

The following communication received from His Excellency Rear Admiral Sir F. L. Maitland, K. C. B., Commander in Chief to Her Majesty's Naval Forces in India, and addressed to the President of the Council of India in Council, is published for general information.

No. 1.

The Hon'ble the President of the Council of India
in Council, Calcutta.

Sir,—I have received a despatch from Sir J. Gordon Bremer, Captain of H. M. Ship *Alligator*, dated the 31st of May last, from the Cape of Good Hope, informing me that he was so far on his voyage to New South Wales, to establish a Post on the Northern Coast of Australia, for the purpose of giving protection to British Commerce, carried on through Torres Strait with China and India, and with the Islands of the Indian Archipelago, and of affording an asylum for those who may be shipwrecked on the Coast.

In a private communication he further informs me, that the Bughis Traders come to Port Essington (which is situated on the Colbourg Peninsula in North Australia, in about Latitude 11° 10' S., and Longitude 132° 10' E.) in great numbers, for the purpose of taking and curing the Trepang or Beche de Mer, which they carry to Macassar and thence to the China Market, and that there is no doubt that these people, their numbers being great, would take a large portion of British or Indian Cloth, Hardware and other manufactured goods from us, for which they now depend wholly on the Dutch. But he is of opinion that the great Mart will eventually be the Islands in the neighbourhood.

Sir Gordon expected to reach Adelaide, in South Australia, by the 5th July last, and Sydney by the 25th, and after making the necessary arrangements with the Governor of New South Wales, would proceed to form the Settlement.

And this Officer, who is in charge of the expedition having requested me to publish some kind of notice of the undertaking addressed to the public in India, as it may possibly induce some one to venture on sending a vessel down to the new Settlement (which I understand is intended to be port Essington) with Cottons, &c. and thus commence a communication.

I have been induced to acquaint your Honor in Council therewith, in order that the same may be brought under the notice of the Mercantile Community of the Bengal Presidency in such manner as your Honor in Council may deem most proper.

I have, &c.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Decreed in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booree terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khowleah Barisaul.	70,000	North, the Pangachee river, the Barweekhalee Khal, and the Jewdhoora river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweekhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunah Seyadpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweekhalee, and Kumarkhalee Khals.—East, the Balissur river.—South, the Dhamir river joining the Bholah with the Balissur river.—West, the Bholah.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

PRINTED BY ORDER OF GOVERNMENT.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

XXV. And it is hereby enacted, that it shall be competent to the Governor or Deputy Governor of Bengal to vest with the power of adjudicating cases of contravention of the Laws for protection of the Revenue derived from Salt, any Assistant to a Salt Agent, or Uncovenanted Superintendent of Salt Chokies, who may seem to him qualified; and such Officers, when invested with such powers, shall exercise them subject to the same rules and restrictions as Covenanted Salt Agents and Superintendents of Chokies; provided that no Officer adjudicating cases of contravention of the Salt Revenue Laws shall receive any part of the rewards that may be decreed or otherwise benefit directly by the adjudication of such cases.

XXVI. And it is hereby enacted, that cases arising out of this Act shall be tried in the same manner as is prescribed in Regulation X. of 1819 of the Bengal Code for other cases of contravention of the Laws for the protection of the Revenue derived from Salt; and the Officer adjudicating the case shall be guided by the provisions of Sections C. to CXVI. of that Regulation; and the Judge of the City or Zillah shall be bound to proceed in respect to persons sentenced to any fine or other penalty under the provisions of this Act, in the same manner, subject to the modifications and additions hereinafter provided, as is prescribed in respect to persons convicted of the offences and tried before the authorities specified and provided by the said Regulation.

XXVII. And it is hereby enacted, in modification of Clauses XXXII. and XXXIII. of Regulation X. 1819 of the Bengal Code, that it shall be the duty of every party under direct engagements with Government for the Land Revenue, either as a proprietor or farmer, and of every proprietor of lakhiraj lands upon whose zemindaree, farm or lakhiraj estate there shall be any works producing Salt, otherwise than under contract with a Salt Agent or on account of Government, to give notice of the same in writing to the nearest public Officer of Police or Land Revenue or of the Salt Department, within ten days from the date on which the works were first prepared; and in like manner it shall be the duty of every person employed in the collection of the Land Revenue of any Mihal on the part of Government, or of the Court of Wards, or of joint proprietors, to give like notice in respect to Salt manufactured on the lands under their management; and every such proprietor, farmer, proprietor of lakhiraj estate or manager who shall knowingly omit to give such notice, shall be liable on conviction before the Judge of any Zillah or City to a fine of 500 Rupees, for every Khularee or Salt Work established on his lands; and such knowledge shall not be required to be established by direct proof, but may be inferred from circumstances at the discretion of the Judge deciding the case; and any fine that may be adjudged under this Section shall be recoverable by distress and sale of the goods and chatties of the offender, or by process of execution taken out by any

Salt Agent or Superintendent of Chokies in the manner provided for decrees of the Civil Courts.

XXVIII. And it is hereby enacted, in modification of Section LXIV. Regulation X. of 1819 aforesaid, and in addition thereto, that when there may be no direct proof of the unauthorized removal of Salt from any golah or place of Government store, sufficient to convict the parties concerned therein of theft within the provisions of the said Section, the Officer or Officers who may have been entrusted with the charge of such golah, or place of Government store, shall nevertheless be liable for the offence of embezzling the Salt of any store in their custody the outturn of which shall, according to the accounts kept of receipts and deliveries, exhibit a deficiency for which he or they may not duly account. And the Officer in charge of any golah or Salt store shall in like manner be deemed guilty of embezzlement if he has made away with, or shall not produce the true account of such store; and any person against whom the offence of embezzlement shall be established under this Section, shall be liable, on conviction before the Magistrate of the City or District, to be punished by fine and imprisonment under the general powers vested in the Zillah and City Magistrates.

XXIX. And it is hereby enacted, in addition to the Rules contained in Sections CXI, CXII, and CXIII. of Regulation X. 1819 of the Bengal Code, for the adjudication of cases of contravention of the Laws enacted for the protection of the Revenue derived from Salt, that if the attendance of the parties charged with such offences cannot be obtained by reason of their failure to attend in person or by vakeel, after being served with a summons, or by reason of their evading process, the Officer adjudicating any such case shall issue notice for the attendance of the parties accused in the manner prescribed in Section CII. of the said Regulation; and if the parties do not attend in person or by vakeel within the time fixed by such notice, the Officer adjudicating the case shall pass judgment thereon, under the said last mentioned Section, in like manner as if the parties accused were present; and the Officer so adjudicating any case *ex parte*, may, at any time after such judgment, issue his warrant for the apprehension of the persons convicted for execution of the sentence, in the manner provided in Regulation X. of 1819 of the Bengal Code, and in this Act, for cases in which the parties were present; and further may at any time sue out process for levying the amount of fine adjudged, from any Civil Court competent to execute its own decrees in the manner and form prescribed for the execution of the decrees of such Civil Court under Section XXX. of this Act.

XXX. And it is hereby enacted, that when the Officer holding proceeding in any case *ex parte*, as above provided, shall refer the case to the Judge of any City or Zillah, in consequence of the amount of fine being such as the said Officer is not competent finally to adjudge, the Judge of the City or Zillah, to whom such case may be referred, shall issue such orders and institute such proceedings as are authorized by Sections CXI. to CXIII. of Regulation X. of 1819 of the Bengal Code, in like manner as if the offenders were sent over with the case or were present to be heard in their defence; and whenever any fine may be adjudged by the Zillah or City Judge, the same may be levied on the application of the Salt Agent or Superintendent of Salt Chokies under the rules in force for the execution of the decrees of Civil Courts.

XXXI. And it is hereby enacted, in modification of the Rules contained in Sections CXI. and CXII. of Regulation X. of 1819 of the Bengal Code, whereby the power of final adjudication by Salt Agents or Superintendents of Chokies, in cases of the contravention of the laws enacted for the protection of the Salt Revenue, is restricted to cases in which the quantity of Salt proposed to be confiscated shall not exceed twenty maunds, or the fine adjudged shall not exceed 50 Rupees, that the judgment of any Salt Agent or Superintendent of Chokies, or of any other Officer vested by Government with like jurisdiction in such cases, shall be final in all cases wherein the Salt adjudged to be confiscated shall not exceed eighty maunds, and the fine imposed upon the defendant, or any one of several defendants, shall not exceed 400 Rupees. Provided however that every such judgment may under Section CXVII. of the said Regulation be brought by petition before the Board of Customs, Salt and Opium, and be reversed or amended by that authority.

XXXII. And it is hereby enacted, in modification of Section CXIV. Regulation X. 1819 of the Bengal Code, that the Zillah and City Judges shall pass final judgment in all cases referred to them for adjudication, when the quantity of Salt to be confiscated shall exceed eighty maunds, or the fine imposed shall exceed 400 Rupees; provided however that there shall in all such cases be an appeal open to the Sudder Dewany Adawlut, under the Rules for the admission of special appeals in that Court, upon any point of law which may be ruled by a Zillah or City Judge in any such judgment.

XXXIII. And it is hereby enacted, that the penalties of this Act shall take effect only within the tract of Country guarded by Salt Chokies in the manner prescribed in Section XXXVI. of Regulation X. 1819 of the Bengal Code, and within which the transportation of Salt, not belonging to Government, without a Ruwana, or Special Pass from the Board of Customs, Salt and Opium, is not

lawful; and it is hereby declared that such tract shall not extend, within the Delta of the Ganges and Megna Rivers, beyond the line of the reach of the tides in the Rivers communicating with the Bay of Bengal as taken at spring tides in the dry season; nor, eastward of the Megna, north of the River Goomtee; nor westward of the River Hooghly, beyond a line drawn from a point on that River distant one mile from the northern end of the town of Nyasurai, and to the north thereof, to a like point distant one mile to the north of the town of Guttal, and thence to a like point distant one mile to the north of the town of Midnapore, and thence to a like point distant one mile to the north of Huldipookur in Singbhoon, so as to include each of those towns respectively.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Decreed in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-boorce terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khowleah Barisau.	70,000	North, the Pangachee river, the Barweckhalee Khali, and the Jewalkhoola river.—East, the Balissur river.—West, the Bhulah river.—South, the Cheepa, Barweckhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunnah Seydpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweckhalee, and Kumarkhalee Khals.—East, the Balissur river.—South, the Dhamir river joining the Bhola with the Balissur river.—West, the Bhola.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

IV. And it is hereby enacted, that for the purpose of making seizure of Salt in store so informed against, it shall be competent to any Salt Agent or Superintendent, having a Police Officer in company, to break open the door of the house, warehouse or other place in which the Salt may be stated to be stored, if, upon requisition duly made, the door be not immediately opened by the owner or occupant thereof.

V. And it is hereby enacted, that if the Salt Agent or Superintendent shall not be able to proceed in person to make a seizure of Salt, in manner above provided, he shall send along with the informant one or more confidential Officers of his public establishment, not being under the rank of a Jemadar or Peons, giving to such Officer or Officers his warrant ordering and authorizing the seizure, and sending notice as above prescribed for the Police Darogha or other Police Officer to attend, and the Officer so deputed shall have power to act in like manner as is provided for the Agent or Superintendent in person; provided that the door of no house, warehouse or other place, shall be broken open to make a seizure of Salt except in the presence of a Salt Agent or Superintendent of Chokies, or of an Officer so specially deputed, and of an Officer of Police.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Decreed in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booree terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khowleah Barisaul.	70,000	North, the Pangachee river, the Barweckhalee Khal, and the Jewdhoora river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweckhalee, and Kumackhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunnah Seyadpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweckhalee, and Kumackhalee Khals.—East, the Balissur river.—South, the Dhamir river joining the Bholah with the Balissur river.—West, the Bholah.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medical-Chirurgical Review, No. 57, for July, 1838.*

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 12TH NOVEMBER, 1838.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 12th November 1838, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

Act No. XXIX. of 1838.

I. It is hereby enacted, that from the First day of December 1838, Sections LIX., LX. and LXI. Regulation X. 1819, of the Bengal Code, shall be repealed.

II. And it is hereby enacted, that when information shall be given to any Salt Agent or Superintendent of Salt Chokies that contraband Salt is stored in any warehouse, dwelling house, or other place situated in the tract of country in Bengal or Orissa within which the transportation of Salt without Ruwana is not lawful, and such Salt Agent or Superintendent of Salt Chokies shall deem the information credible, and desire to act thereupon, he shall require the same to be given to him in writing, or shall take the deposition of the informant, as may be most convenient, so that the following particulars shall be placed on record in his office.—First, the name, profession and place of residence of the informant. Second, the place, that is, the name of the town or village, and description of the house, warehouse or other place where the Salt may be stated to be in store. Thirdly, the name of the person to whom the house, warehouse, or other place belongs, or on account of, or by whom the Salt is there stored. Fourthly, the quantity and description of the Salt, and the grounds for believing the same to be contraband.

III. And it is hereby enacted, that if the contraband Salt so stated to be in store exceed in quantity one maund or Indian munn, it shall be liable to seizure in manner following, that is to say, the Salt Agent or Superintendent of Chokies, having before him the written statement or deposition of an informant, given in or taken down as above prescribed, shall, provided the place of such store be not too distant, proceed in person, together with the informant, summoning by written notice the nearest Police Darogha or other Officer in charge of the Police Thana or Station to attend likewise, and witness the proceeding.

IV. And it is hereby enacted, that for the purpose of making seizure of Salt in store so informed against, it shall be competent to any Salt Agent or Superintendent, having a Police Officer in company, to break open the door of the house, warehouse or other place in which the Salt may be stated to be stored, if, upon requisition duly made, the door be not immediately opened by the owner or occupant thereof.

V. And it is hereby enacted, that if the Salt Agent or Superintendent shall not be able to proceed in person to make a seizure of Salt, in manner above provided, he shall send along with the informant one or more confidential Officers of his public establishment, not being under the rank of a Jemadar of Peons, giving to such Officer or Officers his warrant ordering and authorizing the seizure, and sending notice as above prescribed for the Police Darogha or other Police Officer to attend, and the Officer

so deputed shall have power to act in like manner as is provided for the Agent or Superintendent in person; provided that the door of no house, warehouse or other place, shall be broken open to make a seizure of Salt except in the presence of a Salt Agent or Superintendent of Chokies, or of an Officer so specially deputed, and of an Officer of Police.

VI. And it is hereby enacted, that it shall be competent to the Head Officer of any Salt Chokee or Auring for the manufacture of Salt, and for any Assistant to a Salt Agent or Superintendent, to receive information of Salt exceeding one maund in quantity being in store in a house, warehouse or other place in the manner prescribed in Section II, and to act thereupon as provided in Sections III. and IV. of this Act for the Salt Agent and Superintendent, provided that the place of store described in such information be situated at a distance of more than three kos from the station of a Salt Agent or Superintendent of Chokies, or from the place where the Salt Agent or Superintendent may be.

VII. And it is hereby enacted, that if the Darogha or person in charge of any Police Thana or Station, receiving notice to attend at a seizure of Salt in store as is above prescribed, shall not attend, or attending shall refuse to act in aid of the seizure, or shall in any way wilfully frustrate the object of the search and seizure, such Darogha or other Officer shall, on representation of the facts by the Officers of the Salt Department, and on conviction of the same before the Magistrate of the District, besides being dismissed from office, be liable to a fine equal to the amount of fine that would have been leviable on the owners of the Salt, if it had been seized according to the information laid.

VIII. And it is hereby enacted, that whenever it shall be necessary to break open any house, warehouse or other place to effect a seizure of Salt the rules and precautions prescribed in Regulation XX. of 1817 and Section X. Regulation VII. of 1799 of the Bengal Code, for breaking into a house for execution of process of distraint, shall always be observed by the Police Officers in attendance; provided however that the responsibility for the act, and the determination whether to require the door to be broken open or not shall rest with the Officers of the Salt Department only.

IX. And it is hereby enacted, that whenever a seizure of Salt in store in any house, warehouse or other place shall be made by a Salt Agent or Superintendent of Chokies, the circumstances which attended the seizure shall be recorded in an official proceeding to be placed on record in the office.

X. And it is hereby enacted, that if the seizure be made by an Officer of the Salt Department, other than an Agent or Superintendent of Chokies, such Officer shall report the circumstances within twenty-four hours to his Official Superior; and the Police Officer in attendance shall likewise report the occurrences at the time of seizure to his Official Superior.

XI. And it is hereby enacted, that no Salt found in store in any house or warehouse shall be deemed to be contraband, or shall be liable to seizure, unless, when the search is made, there shall be found more thereof than one maund or Indian munn, and the owner or person in charge shall be unable to account satisfactorily for the manner of its being in his possession.

XVI. And it is hereby enacted, in further modification of Section CXXI. of Regulation X. 1819 aforesaid, that any person, who may be sentenced under Sections XXXI., LXXVIII. and LXX. of the said Regulation, to imprisonment in addition to fine, for the offences described in those Sections respectively, shall in like manner be liable, as above provided for persons convicted of gang smuggling, to undergo such punishment in the Foudgaree jail; and cases of the kind described in the said Sections shall be adjudicated, in like manner as cases in which fine only is adjudged; and the warrant of the Officer, adjudicating any case under this or the preceding Section of this Act, shall be authority for the Magistrate, or other person in charge of the Foudgaree jail, to hold the person described therein in confinement in such jail, as may be specified and required in the said warrant.

XIX. And it is hereby enacted, that if any person shall by threats or by violence prevent the lawful arrest of any person by an Officer duly authorized to seize Salt, or shall procure his release after arrest, or if the party found with the Salt in possession, or any other persons resist any such Officers, they shall severally and respectively be liable to the punishment prescribed in Section LVI. of Regulation X. 1819 of the Bengal Code.

XX. And it is hereby enacted, that if any Officer making an arrest upon account of Salt smuggling shall neglect to carry the person arrested to the proper Officer of the Salt Department, or shall delay to report the arrest to his superior, or shall release or connive at the escape of the person arrested, every such Officer shall, on conviction of any one of the above offences, besides dismissal from office, be liable to be sentenced for the same to a fine not exceeding 200 Rupees, and to imprisonment not exceeding three months; and the sentence may be adjudged by any Officer competent to adjudicate a forfeiture of contraband Salt, and, in case of non-payment of the fine,

XXII. And it is hereby enacted, that if any Officer of the Salt Department be convicted before the Magistrate of any District, of having vexatiously and unnecessarily seized the goods of any person on the pretence of seizing or searching for Salt, or of having vexatiously and unnecessarily arrested any person, or of having stopped and detained any boat unnecessarily and without authority, or of having detained any boat longer than is necessary for the purpose of search, every such Officer shall, besides dismissal, be punished with imprisonment not exceeding six months, and with fine not exceeding 200 Rupees, commutable, if not paid, to a further imprisonment not exceeding six months.

XXIII. And it is hereby enacted, in modification of Section CXXII. Regulation X. of 1819 aforesaid, that if any person shall wilfully and maliciously give false information in respect to there being illicit Salt in store in any house or warehouse, and so procure that such house or warehouse shall be searched to the injury or vexation of the owners thereof, or of any other person or persons whatsoever, such false informer shall, on conviction of the offence before any Magistrate, be liable to imprisonment for two years, and to fine not exceeding 500 Rupees, at the discretion of any Magistrate by whom the case may be tried, and in case of the non-payment of the fine to imprisonment for a further period of six months.

XXIV. And it is hereby enacted, that when parties shall be convicted of the illegal possession or transportation of Salt, and shall be liable to the penalty of five Rupees per mound as prescribed in Section XXVI. Regulation X. of 1819 of the Bengal Code, the fine shall be at the said rate according to the quantity of Salt seized, whether less or more than one mound, and each one of the smugglers in company, or parties to the fraud on the Revenue, shall be liable to the whole fine.

XXV. And it is hereby enacted, that it shall be competent to the Governor or Deputy Governor of Bengal to vest with the power of adjudicating cases of contravention of the Laws for protection of the Revenue derived from Salt, any Assistant to a Salt Agent, or Uncommissioned Superintendent of Salt Chokies, who may seem to him qualified; and such Officers, when invested with such powers, shall exercise them subject to the same rules and restrictions as Commissioned Salt Agents and Superintendents of Chokies; provided that no Officer adjudicating cases of contravention of the Salt Revenue Laws shall receive any part of the rewards that may be derived or otherwise benefit directly by the adjudication of such cases.

XXVI. And it is hereby enacted, that cases arising out of this Act shall be tried in the same manner as is prescribed in Regulation X. of 1819 of the Bengal Code for other cases of contravention of the Laws for the protection of the Revenue derived from Salt; and the Officer adjudicating the case shall be guided by the provisions of Sections C. to CXVI. of that Regulation, and the Judge of the City or Zillah shall be bound to give a receipt to persons sentenced to any fine or other penalty under the provisions of this Act, in the same manner, subject to the modifications and additions hereafter provided, as is prescribed in respect to persons convicted of the offences and tried before the authorities specified and provided by the said Regulation.

XXVII. And it is hereby enacted, in modification of Clauses XXXI. and XXXIII. of Regulation X. 1819 of the Bengal Code, that it shall be the duty of every party under direct engagements with Government for the Land Revenue, either as a proprietor or farmer, and of every proprietor of lakshiraj lands upon whose zemindaree, farm or lakshiraj estate there shall be any works producing Salt, otherwise than under contract with a Salt Agent or on account of Government, to give notice of the same in writing to the nearest public Officer of Police or Land Revenue or of the Salt Department, within ten days from the date on which the works were first prepared; and in like manner it shall be the duty of every person employed in the collection of the Land Revenue of any Mihal on the part of Government, or of the Court of Wards, or of joint proprietors, to give like notice in respect to Salt manufactured on the lands under their management; and every such proprietor, farmer, proprietor of lakshiraj estate or manager who shall knowingly omit to give such notice, shall be liable on conviction before the Judge of any Zillah or City to a fine of 500 Rupees, for every Khalarree or Salt Work established on his lands; and such knowledge shall not be required to be established by direct proof, but may be inferred from circumstances at the discretion of the Judge deciding the case; and any fine that may be adjudged under this Section shall be recoverable by distress and sale of the goods and chattles of the offender, or by process of execution taken out by any

Salt Agent or Superintendent of Chokies in the manner provided for decrees of the Civil Courts.

XXVIII. And it is hereby enacted, in modification of Section LXIV. Regulation X. of 1819 aforesaid, and in addition thereto, that when there may be no direct proof of the unauthorized removal of Salt from any golah or place of Government store, sufficient to convict the parties concerned therein of theft within the provisions of the said Section, the Officer or Officers who may have been entrusted with the charge of such golah, or place of Government store, shall nevertheless be liable for the offence of embezzling the Salt of any store in their custody the outturn of which shall, according to the accounts kept of receipts and deliveries, exhibit a deficiency for which he or they may not duly account. And the Officer in charge of any golah or Salt store shall in like manner be deemed guilty of embezzlement if he has made away with, or shall not produce the true account of such store; and any person against whom the offence of embezzlement shall be established under this Section, shall be liable, on conviction before the Magistrate of the City or District, to be punished by fine and imprisonment under the general powers vested in the Zillah and City Magistrates.

XXIX. And it is hereby enacted, in addition to the Rules contained in Sections CXI., CXII. and CXIII. of Regulation X. 1819 of the Bengal Code, for the adjudication of cases of contravention of the Laws enacted for the protection of the Revenue derived from Salt, that if the attendance of the parties charged with such offences cannot be obtained by reason of their failure to attend in person or by vakeel, after being served with a summons, or by reason of their evading process, the Officer adjudicating any such case shall issue notice for the attendance of the parties accused in the manner prescribed in Section CII. of the said Regulation; and if the parties do not attend in person or by vakeel within the time fixed by such notice the Officer adjudicating the case shall pass judgment thereon, under the said last mentioned Section, in like manner as if the parties accused were present; and the Officer so adjudicating any case *ex parte*, may, at any time after such judgment, issue his warrant for the apprehension of the persons convicted for execution of the sentence, in the manner provided in Regulation X. of 1819 of the Bengal Code, and in this Act, for cases in which the parties were present; and further may at any time sue out process for levying the amount of fine adjudged, from any Civil Court competent to execute its own decrees in the manner and form prescribed for the execution of the decrees of such Civil Court under Section XXX. of this Act.

XXX. And it is hereby enacted, that when the Officer holding proceeding in any case *ex parte*, as above provided, shall refer the case to the Judge of any City or Zillah, in consequence of the amount of fine being such as the said Officer is not competent finally to adjudge, the Judge of the City or Zillah, to whom such case may be referred, shall issue such orders and institute such proceedings as are authorized by Sections CXI. to CXIII. of Regulation X. of 1819 of the Bengal Code, in like manner as if the offenders were sent over with the case or were present to be heard in their defence; and whenever any fine may be adjudged by the Zillah or City Judge, the same may be levied on the application of the Salt Agent or Superintendent of Salt Chokies under the rules in force for the execution of the decrees of Civil Courts.

XXXI. And it is hereby enacted, in modification of the Rules contained in Sections CXI. and CXII. of Regulation X. of 1819 of the Bengal Code, whereby the power of final adjudication by Salt Agents or Superintendents of Chokies in cases of the contravention of the law enacted for the protection of the Salt Revenue, is restricted to cases in which the quantity of Salt proposed to be confiscated shall not exceed twenty maunds, or the fine adjudicated shall not exceed 40 Rupees, that the judgment of any Salt Agent or Superintendent of Chokies, or of any other Officer vested by Government with like jurisdiction in such cases, shall be final in all cases wherein the Salt adjudged to be confiscated shall not exceed eighty maunds, and the fine imposed upon the defendant, or any one of several defendants, shall not exceed 400 Rupees. Provided however that every such judgment may under Section CXVII. of the said Regulation be brought by petition before the Board of Customs, Salt and Opium, and be reversed or amended by that authority.

XXXII. And it is hereby enacted, in modification of Section CXIV. Regulation X. 1819 of the Bengal Code, that the Zillah and City Judges shall pass final judgment in all cases referred to them for adjudication, when the quantity of Salt to be confiscated shall exceed eighty maunds, or the fine imposed shall exceed 400 Rupees; provided however that there shall in all such cases be an appeal open to the Sadder Dewany Adawlut, under the Rules for the admission of special appeals in that Court, upon any point of law which may be ruled by a Zillah or City Judge in any such judgment.

XXXIII. And it is hereby enacted, that the penalties of this Act shall take effect only within the tract of Country guarded by Salt Chokies in the manner prescribed in Section XXXVI. of Regulation X. 1819 of the Bengal Code, and within which the transportation of Salt, not belonging to Government, without a Kuwana, or Special Pass from the Board of Customs, Salt and Opium, is not

lawful; and it is hereby declared that such tract shall not extend, within the Delta of the Ganges and Megna Rivers, beyond the line of the reach of the tides in the Rivers communicating with the Bay of Bengal as taken at spring tides in the dry season; nor, eastward of the Megna, north of the River Goomtee; nor westward of the River Hooghly, beyond a line drawn from a point on that River distant one mile from the northern end of the town of Nyasurai, and to the north thereof, to a like point distant one mile to the north of the town of Guttanul, and thence to a like point distant one mile to the north of the town of Midnapore, and thence to a like point distant one mile to the north of Huldipookur in Singbhoon, so as to include each of those towns respectively.

NOTICE is hereby given, that the undermentioned Two Allotments of Soonderbuns' Forest Land, Deceived in favor of Government by the Presidency Special Commissioner, on the 24th July, 1837, can be obtained on the usual Jungle-booree terms, upon application being made at the Office of the Commissioner of the Soonderbuns, at Allipore.

Name of Allotment.	Supposed area.	Boundaries.	Remarks.
Khowleah Barisaul.	70,000	North, the Pangachee river, the Barweekhalee Khali, and the Jewdhoora river.—East, the Balissur river.—West, the Bholah river.—South, the Cheepa, Barweekhalee, and Kumarkhalee Khals.	This allotment is situated on the Western bank of the Balissur river, opposite to the cultivated lands lately resumed from the possession of the Zemindars of Pergunnah Seyadpore. It is high and dry, requiring little or no embanking to keep out the Salt Water, and a considerable portion of it would appear to have been at one time cleared of jungle. An abundance of large Soondree timber might be procured from this allotment, and from its proximity to a district already cultivated, fresh water at all times of the year might be obtained without difficulty. From its situation and capabilities, the land of this allotment offers many advantages to speculators.
Ditto.....	70,000	North, the Cheepa, Barweekhalee, and Kumarkhalee Khals.—East, the Balissur river.—South, the Dhamir river joining the Bholah with the Balissur river.—West, the Bholah.	The like remarks apply modified in so far as this allotment is to the south of the preceding one.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

N. B. Parties applying for the above Packages, will be pleased to send Invoices, or Bills, shewing contents and value, and to depute persons to be present at the opening of them at this Office. The Collector has nothing to do with the business of Landing Packages from Ships, nor with forwarding them to their owners, or their destination.

The fact of Articles being destined for PRIVATE USE and not for Sale, does not exempt them from payment of Duty, if they be of a kind which is chargeable with Duty, under the Regulation.

Notice to Exporters of Tobacco, Segars, &c., and to Masters of Vessels on which Tobacco, &c. may be Shipped.

No Tobacco can be imported into the United Kingdom unless the Master shall have on board a separated and distinct Manifest for such Tobacco, containing the par-

particular weight in each Hogshead, Cask, Chest, or Case, with the Tare of the same, and otherwise drawn up in the form prescribed by the Act of Parliaments.

Penalty on the Master £100—see 3 and 4 William 4, C. 52, Sec. 3, 7 and 11.

Tobacco may not be imported into the United Kingdom in any Ship or Vessel of less burthen than 120 Tons—nor unless in Hogsheds, Casks, Chests, or Cases, containing at least 100 lbs. net weight, and not packed in Bags or Packages within any such Hogsheds, Casks, &c. Nor separated nor divided in any way whatever, nor unless the particular weight of the Tobacco in such Package, with the Tare of the same, be marked thereon under penalty of forfeiture—3 and 4 William 4, C. 52, Sec. 58. It is important that parties Shipping Tobacco from this Port for Great Britain, should make themselves thoroughly acquainted with such portion of the Acts above quoted as relate to that Article.

NOTICE is hereby given, that the undermentioned quantities of Teak Timber will be required for the service of this Government, successively, for the years 1840, 1841 and 1842.

Tenders will be received to the 1st May 1839, by the Agents of the Ceylon Government, vizt. Messrs. GILLAN and Co. Calcutta, Messrs. ARNOLD and Co. Madras, and Messrs. FRITH and Co. Bombay, and at this Office to the 1st June 1839, for the supply required for 1840. The Timber must be landed free of expense to Government at the Wharf of Colombo, before the last day of 1839.

A separate Tender on the above terms will at the same time be received for the supply required for the year 1841; another one, for the year 1842, and a fourth Tender, for the three years jointly—the delivery of each year to be completed by the last day of the preceding year, respectively.

The answer to each Tender will be made if a reference be furnished in Ceylon, within a fortnight, and if at any of the three Presidencies, in six weeks from the 1st June 1839.

The Tenders should specify in words at length the price per cubic foot.

The above must be sound and Merchantable Timber, and if any portion be objectionable, it will be liable to rejection—should however any difference of opinion arise, a Survey will be held, formed of persons selected equally from both sides, which persons shall be empowered, if necessary, to choose an additional person as umpire, and their decision shall be final.

The person or persons whose Tenders may be accepted, will be required to enter into Penalty Bonds for the due fulfilment of his or their Contracts.

Specification of the quantity and description of the Timber for each year.

2000 Cubic feet in squared Beams from 27 to 40 ft. long and from 12 to 16 inches—unequal sided Beams will answer, provided they square at least 12 inches on one side and not less than 7 inches on the other.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

ON THE

Medical Topography of Calcutta,

(Royal 8vo. 190 Pages, with 2 Maps. Price 5 Rs.)

BY JAMES RONALD MARTIN,

Presidency Surgeon and Surgeon to the Native Hospital.

PRINTED BY ORDER OF GOVERNMENT.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. Martin makes pungent and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*
